loss with respect to any loss or claim relating to any item of the Project covered thereby, and the Lessor shall not assume any such liability or risk of loss.

(b) The Lessee will acquire, construct and install the Project through the application of moneys in the Project Fund and will use its best efforts to complete the acquisition, construction and installation of the Project by the "Estimated Date of Completion of the Project" shown on **Exhibit A**. If for any reason the acquisition, construction, and installation of the Project is not completed by that date, there will be no resulting liability on the part of the Lessor and no Event of Default hereunder, and there will be no diminution in or postponement of the Lease Payments required to be paid by the Lessee during the Lease Term.

(c) If the amount available in the Project Fund is insufficient to pay the entire cost of acquiring, constructing and installing the Project, the Lessee either (i) will make such modifications to or deletions from the plans and specifications for the Project as will permit the Project to be acquired, constructed and installed from the amounts available therefor in the Project Fund or (ii) will complete the acquisition, construction and installation of the Project from whatever sources of funds are legally available to the Lessee for that purpose (and will deposit or cause to be deposited those funds in the Project Fund).

(d) When the acquisition, construction and installation of the Project have been completed, the Lessee will deliver a certificate to the Lessor, the Disbursing Agent and the Administrator stating that acquisition, construction and installation of the Project have been completed, the date thereof and, except for amounts estimated by the Lessee to be necessary for payment of any Project Costs not then due and payable, all Project Costs have been paid. If the accounting of the Project Fund by the Lessor shows that funds in the Project Fund will remain unexpended for Project Costs, the unexpended funds in the Project Fund will be applied in the manner described in the Escrow Agreement. At any time that moneys are so transferred, **Exhibit B** will be amended to (i) deduct from the aggregate unpaid Principal Components an amount equal to the amount of moneys so transferred and (ii) reamortize Base Rentals so that the reduced principal is repaid on the same basis as the Lessee's principal component schedule was originally calculated.

Section 5. Lease Term; Lessee's Annual Right to Terminate. The term of this Lease will be the period commencing on the Commencement Date and terminating on the earliest to occur of: (i) the end of the Fiscal Year immediately succeeding an Event of Nonappropriation unless the Event of Nonappropriation is cured; (ii) the occurrence of an Event of Default and termination of this Lease as provided in **Section 24**; (iii) the Lessee's exercise of its option to purchase the Project pursuant to **Section 20** and payment of the Purchase Price; or (iv) the Termination Date.

Termination of the Lease Term will terminate all obligations of the Lessee to pay Lease Payments, except the payment of all Lease Payments accrued to the date of termination of this Lease, and will terminate the Lessee's rights to use, possess or occupy the Project (unless a conveyance of the Project to the Lessee has occurred).

If the Lessee determines, for any reason, to exercise its annual right to terminate this Lease, effective on the first day of the ensuing Fiscal Year, the Lessee must give written notice to such effect to the Lessor and the Administrator not later than 30 days before that effective date; provided that a failure to give such notice will not constitute an Event of Default nor prevent the Lessee from terminating this Lease nor result in any liability on the part of the Lessee (except for the payment of all Lease Payments accrued prior to the termination of this Lease). The exercise by the Lessee of its annual option to terminate this Lease will be conclusively determined by the occurrence of an Event of Nonappropriation

as provided in **Section 8**. Unless and until terminated as provided above, the Lease Term will continue in effect from Fiscal Year to Fiscal Year. The Lessee's obligations under this Lease will be subject to the Lessee's annual right to terminate this Lease and will not constitute a mandatory charge or requirement in any future Fiscal Year. No provision of this Lease will be construed as creating a general obligation or other indebtedness of the Lessee within the meaning of any constitutional, charter or statutory debt limitation.

Section 6. Base Rent. Subject to **Sections 5** and **8**, the Lessee shall pay Base Rent in the amounts and at the times set forth in **Exhibit B**. **Exhibit B** may be amended at any time to reamortize the Principal Components in the event moneys are transferred from the Project Fund upon completion of the Project.

If the Lessor determines that an amendment to **Exhibit B** is appropriate, the Administrator will mail to the Lessee a revised **Exhibit B** (identified by date or other means), by first class mail, postage prepaid. Said amendment will become effective and will for all purposes become a part of this Lease and will reflect Base Rent to be paid by the Lessee for subsequent periods (unless **Exhibit B** is further amended as provided in this Section) upon the earlier of the acknowledgment thereof by the Lessee or automatically on the next payment date set forth in the revised **Exhibit B**.

The Lessee will pay Additional Rent within 15 days after a written request therefor is mailed to the Lessee by or on behalf of the Lessor.

Any Lease Payment that is not paid when due shall bear interest thereon at the Late Payment Rate to the extent permitted by law. To the extent the Lessor advances any funds for the payment of any amounts due hereunder or to cure any Event of Default, the Lessee shall immediately reimburse the Lessor therefor with interest accrued on such amount at the Late Payment Rate to the extent permitted by law. Amounts due pursuant to this paragraph will be deemed to be Additional Rent due and payable when incurred and without further written demand therefor.

Each Lease Payment will be applied to amounts then due and payable (i) first to the Interest Component of Base Rent, (ii) second to the portion of the Principal Component then due, (iii) third to Additional Rent, and (iv) fourth to the components of Base Rent that are not Interest Component or Principal Component (and pro-rata between the Administrative Fee, the fees due to the Disbursing Agent and any fees due to the Escrow Agent if insufficient to pay all such fees).

This Lease will be deemed and construed to be a "net lease," and the Lessee will pay absolutely net during the Lease Term, the Lease Payments and all other payments required hereunder, free of any deductions, and without abatement, deduction or set-off (other than credits against Lease Payments expressly provided for in this Lease). Notwithstanding any dispute between the Lessee and the Lessor or a dispute between the Lessee and any Project-related vendors or contractors, the Lessee shall make all Lease Payments when due and shall not withhold any Lease Payments pending final resolution of such dispute nor shall the Lessee assert any right of set-off or counterclaim against its obligations to make such payments required under this Lease.

Lease Payments shall be payable to the Disbursing Agent, on behalf of the Lessor, at such place as the Disbursing Agent may from time to time designate in writing, as initially set forth in **Exhibit B** hereto, or as otherwise agreed to by the Disbursing Agent and the Lessee for the electronic transfer of payments.

Section 7. Actions Relating to Tax Exemption of Interest Components.

(a) The Lessor and the Lessee each will restrict the use of moneys realized under this Lease or otherwise in connection with the financing of the Project in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of entering into this Lease, so that there will not exist at any time any obligation in connection with this Lease or the Project that constitutes an obligation the interest on which is includable in gross income for federal income tax purposes or constitutes an "arbitrage bond" under Section 148 of the Code. Any officer of the Lessor or the Lessee having responsibility with respect to the execution and delivery of this Lease shall, alone or in conjunction with any other officer, employee or agent of or consultant to the Lessor or the Lessee, give an appropriate certificate of the Lessor or the Lessee pursuant to Sections 103 and 148 of the Code, setting forth the reasonable expectations of the Lessor or the Lessee on the date of entering into this Lease regarding this Lease and the use of those moneys. The Lessee agrees to complete and file or cause to be completed and filed in a timely manner an information reporting return on IRS Form 8038-G with respect to this Lease as required by the Code.

(b) The Lessee will not use the Project, or permit the Project to be used, in such a manner as would result in the loss of the exclusion from gross income for federal income tax purposes of the Interest Components afforded under Section 103(a) of the Code.

(c) The Lessor will take all action required to maintain exclusion from gross income for federal income tax purposes afforded under Section 103(a) of the Code of the Interest Components.

(d) If the Lessee takes any action or fails to take any action that results in the Interest Components being finally determined by the Internal Revenue Service or a court of competent jurisdiction to be includible in gross income for federal income tax purposes, the Interest Components shall be recalculated at a rate equal to the Taxable Interest Rate from the date that the Interest Components are determined to be includable in gross income for federal income tax purposes and the Interest Components on **Exhibit B** shall be amended accordingly. As soon as practical after receipt of a statement from the Lessor itemizing such amounts, the Lessee shall pay to the Lessor any increased Interest Component allocable to Lease Payments that have become due, plus any penalties and interest payable by the Lessor as a result of such loss of the tax-exempt status of the Interest Components.

(e) The Lessee will comply with the Escrow Agreement and the Tax Agreement.

Section 8. Authority and Authorization; Nonappropriation by the Lessee. The Lessee represents, covenants and warrants, and will deliver to the Lessor an opinion of its counsel to the effect that: (i) the Lessee is a political subdivision of the State, duly organized and validly existing under and by virtue of the laws of the State; (ii) the execution, delivery and performance by the Lessee of this Lease have been duly authorized by all necessary action on the part of the Lessee; and (iii) this Lease, the Escrow Agreement and the Tax Agreement constitute legal, valid and binding obligations of the Lessee enforceable in accordance with their respective terms, subject to any applicable bankruptcy, insolvency, moratorium, reorganization or other laws or equitable principles of general application affecting remedies or creditors' rights. The Lessee agrees and warrants that: (i) subject to its rights under **Section 5** and this Section it will do or cause to be done all things necessary to preserve and keep this Lease, the Escrow Agreement and the Tax Agreement in full force and effect; (ii) it has complied with all requirements applicable to it, and has taken all steps for approval of this Lease, the Escrow Agreement and the Tax Agreement as valid obligations on its part; and (iii) sufficient funds are appropriated to pay all amounts due under this Lease for the current Fiscal Year.

If the Lessee fails, for any reason, to duly enact by at least 30 days before the end of the then current Fiscal Year an appropriation authorization for the ensuing Fiscal Year which includes amounts required to pay all Lease Payments to become due during that Fiscal Year, or on any earlier date on which the Lessor receives notice from the Lessee that this Lease will be terminated, an Event of Nonappropriation will be deemed to have occurred.

If an Event of Nonappropriation occurs, the Lessee will not be obligated to make Lease Payments or any other payments provided for herein beyond the amounts specifically appropriated by the Lessee for the Fiscal Year during which such Event of Nonappropriation occurs; provided that, the Lessee will continue to be liable for Lease Payments allocable to any period during which the Lessee continues to use, occupy or retain possession of the Project.

The Lessee will vacate and/or surrender the Project to the Lessor by the first day of the Fiscal Year following an Event of Nonappropriation. The surrender of any movable personal property comprising a portion of the Project will consist of delivering such property to the Lessor at a site within the jurisdiction of the Lessee selected by the Lessor.

Upon the occurrence of an Event of Nonappropriation, all amounts on deposit in the Project Fund will be applied as provided in **Section 4**. After the expiration of the Fiscal Year during which an Event of Nonappropriation occurs, the Lessor may proceed to repossess and liquidate or release or otherwise dispose of the Project or any portion thereof and may take one or any combination of steps described in **Section 24**.

Section 9. Title.

(a) The Lessee will retain title to the Project during the Lease Term, subject to the Lessor's rights under this Lease and the Base Lease. The Base Lease, this Lease or any other appropriate documents may be filed or recorded to evidence the parties' respective interests in the Project. Title to any equipment, furnishings, vehicles and other personal property included in the Project shall immediately and without any action by the Lessee vest in the Lessor and the Lessee shall immediately surrender possession of the Project to the Lessor upon (i) any termination of this Lease without the Lessee exercising its option to purchase the Project pursuant to **Section 20** or (ii) the occurrence of an Event of Default or an Event of Nonappropriation. In any of such cases, the Lessee will execute such instruments and do such things as the Lessor reasonably requests and as may be required by law in order to effect such transfer.

(b) The Lessee will during the Lease Term peaceably and quietly have and hold and enjoy the Project without suit, trouble or hindrance from the Lessor, except as expressly required or permitted by this Lease. The Lessor will, at the request of the Lessee and at the cost of the Lessee, join and cooperate fully in any legal action regarding the Project, and the Lessee may, at its own expense, join in any legal action affecting the Project.

(c) The Lessor's interest in the Project shall pass to the Lessee without cost upon (i) the Lessee's exercise of the Purchase Option granted in **Section 20**, or (ii) the complete payment and performance by the Lessee of all of its obligations during the Lease Term if the Lease Term extends to the Termination Date.

Section 10. Sale or Assignment by the Lessee. The Lessee will not sell, lease, assign, transfer, pledge, grant a security interest in or otherwise dispose of all or any of the Project or this Lease or any interest therein, except for Permitted Encumbrances, without the Lessor's prior written consent.

Section 11. Use; Maintenance and Repair.

(a) The Lessee will: (i) use the Project in a careful manner for the use contemplated by this Lease and the applicable laws of the State with respect to public property; (ii) comply with all laws, insurance policies and regulations relating to the use and maintenance of the Project; and (iii) pay all costs, claims, damages, fees and charges arising out of its possession, use or maintenance of the Project.

(b) The Lessee, at its expense, will: (i) keep the Project in good condition and furnish all parts, mechanisms and devices required therefor, and (ii) obtain and maintain any governmental licenses and permits required for ownership of the Project.

(c) The Lessee will maintain, or by contract provide for the proper maintenance of, the Project in accordance with this **Section 11** during the Lease Term.

(d) The Lessor will not impair the Lessee's abilities to maintain the Project during the Lease Term.

Section 12. Alterations. Following completion of the Project, the Lessee will not make any alterations, additions, substitutions or replacements to the Project that would have a material adverse effect on either the nature of the Project or the functionality or value of the Project. Any alterations, additions or improvements to the Project and any substitutions or replacements, shall be and be considered to constitute a part of the Project.

The Lessee may also install machinery, equipment and other tangible property in or on the Project; provided that such machinery, equipment and other tangible property which becomes permanently affixed to the Project will be subject to this Lease if the Lessor reasonably determines that the Project would be damaged or impaired by the removal of such machinery, equipment or other tangible property.

Section 13. Replacement and Substitution of Equipment. The Lessee will not be under any obligation to renew, repair or replace any inadequate, obsolete, worn-out, unsuitable, undesirable or unnecessary equipment. In any instance where the Lessee determines that any equipment has become inadequate, obsolete, worn-out, unsuitable, undesirable or unnecessary, the Lessee may remove that equipment from the Project and sell, trade-in, exchange or otherwise dispose of it as a whole or in part without any responsibility or accountability to the Lessor or any assignee of the Lessor therefor, provided that the Lessee will either:

(a) Substitute (by direct payment of the costs thereof or by designating as equipment, machinery or other personal property, other than property included as part of the Project pursuant to **Section 11.2**) and install anywhere in or on the Project, other equipment, machinery or related property having equal or greater value and utility (but not necessarily having the same function) in the operation of the Project; or

(b) Not make any such substitution and installation, provided that the Lessee will pay to the Lessor (i) in the case of the sale of any of that equipment to anyone other than itself, or in the case of the scrapping thereof, as a prepayment of Base Rentals for application as agreed to by the Lessor and the Lessee, the net proceeds from the sale or the scrap value thereof, as the case may be, (ii) in the case of the trade-in of that equipment for other machinery, equipment or related property not to be installed in or on the Project, for application as agreed to by the Lessor and the Lessee, the amount of the credit received by it in the trade-in and (iii) in the case of the sale of

any of that equipment to the Lessee, or in the case of any other disposition thereof, the amount equal to the original cost thereof paid out of the Project Fund.

The removal from the Project of any portion of the equipment pursuant to this Section will not entitle the Lessee to any postponement, abatement or diminution of the Base Rentals or Additional Rentals required to be paid under **Section 6.1**.

The Lessee will promptly report in writing to the Lessor each removal, substitution, sale or other disposition under this Section and will pay to the Lessor all amounts required by **Section 13(b)** promptly after any subsequent sale, scrapping, trade-in or other disposition requiring such payment. All substituted machinery, equipment or related property installed pursuant to this Section will be free of all liens and encumbrances (other than Permitted Encumbrances) and will become a part of the Project. The Lessee will not remove, or permit the removal of, any of the equipment from the Project except in accordance with this Section. At the Lessee's expense, the Lessor and its assignees will cooperate with the Lessee in implementing the Lessee's rights to dispose of equipment pursuant to this Section and will execute any and all conveyances, releases or other documents necessary or appropriate in connection therewith.

Section 14. Taxes, Other Governmental Charges and Utility Charges. If the Project or any portion thereof is, for any reason, deemed subject to taxation, assessments or charges lawfully made by any governmental body, the Lessee will, during the Lease Term, pay all such taxes, assessments and governmental charges when due. With respect to special assessments or other governmental charges which may be lawfully paid in installments over a period of years, the Lessee will be obligated to provide only for such installments as are required to be paid during the then current Fiscal Year. The Lessee will not allow any liens for taxes, assessments or governmental charges with respect to the Project or any portion thereof to become delinquent (including any taxes levied upon the Project or any portion thereof which, if not paid, will become a charge on the rentals and receipts from the Project or any portion thereof, or any interest therein, including the interest of the Lessor or the rentals and revenues derived therefrom or hereunder). The Lessee will also pay, as the same respectively become due, all gas, water, steam, electricity, heat, power, telephone, utility and other charges incurred in the operation, maintenance and upkeep of the Project.

The Lessee may, at the expense and in the name of the Lessee, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments, utility or other charges so contested to remain unpaid during the period of the contest and any appeal therefrom unless the Lessor notifies the Lessee that, in the opinion of counsel acceptable to the Lessor (whose fees and expenses shall be paid by the Lessee), by nonpayment of any such items the security afforded pursuant to this Lease may be materially endangered or the Project or any portion thereof will be subject to loss or forfeiture, or the Lessor will be subject to liability, in which event those taxes, assessments, utility or other charges will be paid forthwith.

Section 15. Location; Inspection. The Lessor will be entitled to enter upon the Project or elsewhere during reasonable business hours to inspect or observe the use of the Project.

Section 16. Liens and Encumbrances. Except for Permitted Encumbrances, the Lessee and the Lessor shall keep the Project free and clear of all liens and encumbrances.

Section 17. Risk of Loss; Damage; Destruction. The Lessee assumes all risk of loss or damage to the Project from any cause whatsoever. No loss of or damage to, or appropriation by governmental authorities of, or defect in or unfitness or obsolescence of, the Project will relieve the Lessee of the obligation under this Lease. The Lessee will promptly repair or replace any portions of Project lost, destroyed, damaged or appropriated which are necessary to maintain the Project in sound operating

condition so that at all times during the Lease Term the Project will be able to carry out its intended functions.

The net proceeds of any insurance policies, performance bonds, condemnation awards or net proceeds received as a consequence of default or breach of warranty under a construction contract or other contract relating to the Project will be deposited in the Project Fund, if received before the completion of the Project, or, if received thereafter, will be deposited in a separate account established by the Escrow Agent pursuant to the Escrow Agreement that the Lessor, the Lessee and the Administrator shall enter into with the Escrow Agent and will be applied in the same manner described in **Section 4**. The balance remaining after repair, restoration, modification, improvement or replacement of the Project has been completed will be applied to satisfy payment of Lease Payments.

Section 18. Insurance. The Lessee, at its expense, will cause casualty and property damage insurance with a company or self insurance fund acceptable to the Lessor to be carried and maintained with respect to the Project in an amount equal to the unpaid Principal Components or the replacement cost (excluding land and foundations) of the Project, if less than such Principal Components. Any casualty and property damage insurance policy required by this Section will name the Lessor and the Administrator as additional named insureds and loss payees (for application as provided in **Section 17**).

The Lessee will cause public liability insurance to be carried and maintained with a company or self-insurance fund reasonably acceptable to the Lessor with respect to the Project in such amount as is reasonably acceptable to the Lessor. Any public liability insurance policy required by this Section will name the Lessor and the Administrator as additional named insureds.

The Lessee, at its expense, and only if a Base Lease is executed, will obtain a leasehold policy of title insurance insuring the leasehold interest under the Base Lease of the Lessor in an amount equal to the aggregate amount of the Principal Components and subject only to such exceptions as shall be acceptable to the Lessor, with such endorsements and affirmative coverages as may be reasonably required by the Lessor, including endorsements respecting zoning and access to public roads, and otherwise in form and substance satisfactory to the Lessor and issued by a company acceptable to the Lessor and authorized to issue such insurance in the State.

The Lessee shall cause the Administrator to be furnished annually with evidence of the insurance required by this Section and, if requested by the Administrator, copies of the policies of insurance required by this Section.

Section 19. Financial Reports; Budgets; Inspection. The Lessee will provide the Lessor and the Administrator with a copy of the Lessee's annual audited financial report within 220 days of its Fiscal Year end; provided that, if its audited financial report is not available by such date, the Lessee will provide a compilation of its financial information in form and content acceptable to the Lessor. The Lessee will immediately notify the Lessor, the Disbursing Agent and the Administrator of any Event of Default or Event of Nonappropriation or any circumstance or event that, with the passage of time or the giving of notice or both, would qualify as an Event of Default. The Lessee shall file a copy of its annual budget with the Lessor and the Administrator upon adoption. The Lessor, the Administrator and their respective authorized representatives shall at any time during normal business hours after reasonable notice to the Lessee have the right to enter the premises where the Project may be located for the purpose of inspecting and examining the Project and its condition, use, and operation and the books and records of the Lessee.

Section 20. Purchase Option; Partial Prepayment; Determination of Fair Purchase Price.

(a) The Lessee, upon 30 days prior written notice to the Lessor and the Administrator, shall have the right to purchase the Project in whole, but not in part, on any Purchase Date by paying to the Lessor all Lease Payments then due together with the Purchase Price relating to that Purchase Date.

(b) Notwithstanding subparagraph (a) above, the Lessee may prepay the Principal Components in part, at any time, upon giving written notice to the Lessor at least 30 days before the prepayment date (unless shorter notice is satisfactory to the Lessor), at the prepayment price equal to 100% of the Principal Component of Rental Payments being so prepaid plus the Interest Component of Rental Payments accrued thereon to such prepayment date. The Principal Component of Lease Payments prepaid pursuant to the provisions of this subparagraph will be in integral multiples of \$0.01 and will be credited in such order of stated payment dates as is determined by the Lessee. Upon any partial prepayment, the amount of each Interest Component of Lease Payments coming due thereafter will be reduced by the amount of such Interest Component attributable to such prepaid Principal Component determined by applying the annual interest rate corresponding to such prepaid Principal Component as shown on **Exhibit B**. Upon a partial prepayment pursuant to pursuant this subsection, the Lessor shall revise **Exhibit B** to reflect the partial prepayment and send a revised copy of **Exhibit B** via facsimile or electronic mail to the Lessee.

Section 21. Release and Indemnification Covenants.

(a) The Lessor, the Disbursing Agent and the Administrator shall not be liable for and, to the extent permitted by law, the Lessee releases the Lessor, the Disbursing Agent and the Administrator from and agrees to indemnify and save the Lessor, the Disbursing Agent and the Administrator (each, an "Indemnatee") harmless against and from any or all claims, by or on behalf of any person, firm, corporation or other legal entity, and all liabilities, obligations, losses and damages whatsoever, regardless of the cause thereof and the expenses, penalties and fees in connection therewith (including counsel fees and expenses), arising from or as a result of the operation, ordering, ownership, acquisition, construction, use, condition, delivery, rejection, storage, return or management of the Project during the Lease Term, or the entering into of this Lease or any other document or instrument relating thereto (collectively, "Indemnified Claims"), including, but not limited to: (i) any condition of the Project; (ii) any act of negligence of the Lessee or of any of the agents, contractors or employees or any violation of law by the Lessee or breach of any covenant or warranty by the Lessee hereunder; (iii) any accident in connection therewith resulting in damage to property or injury or death to any person; and (iv) the incurring of any cost or expense in connection with the acquisition of the Project in excess of the moneys available therefor in the Project Fund. To the extent permitted by law, the Lessee will indemnify and save each Indemnatee harmless from any such Indemnified Claim, or in connection with any action or proceeding brought thereon and, upon notice from such Indemnatee, will defend or pay the cost of defending such Indemnatee, in any such action or proceeding.

(b) The Lessee shall not be liable for and the Lessor and the Disbursing Agent release the Lessee from and agree to indemnify and save harmless the Lessee against and from any and all cost, liability, expenses and claims arising from any breach or default on the part of the Lessor or the Disbursing Agent in the performance of any covenant or agreement on the part of the Lessor or the Disbursing Agent to be performed pursuant to the terms of this Lease, or arising from any act or negligence of or failure to act by the Lessor or the Disbursing Agent, or any of its agents, contractors, servants, employees, or licensees, and from and against all cost, liability and expenses incurred in or in connection with any such claim or action or proceeding brought thereon; and in case any action or proceeding be brought against the Lessee by reason of any such claim, the Lessor and the Disbursing

Agent, upon notice from the Lessee, each covenant to resist or defend such action (using counsel acceptable to the Lessee, as the case may be) or proceedings at such parties' expense.

(c) The releases and indemnifications under this Section will continue in full force and effect notwithstanding the full payment of all obligations under this Lease or the termination of this Lease or the Base Lease for any reason.

Section 22. Assignments by the Lessor. The Lessor may, at any time and from time to time without the Lessee's consent, assign, transfer or otherwise convey all of its interest in the Project or this Lease, including the Lessor's rights to receive the Lease Payments (in which event the Lessee agrees to make all Lease Payments thereafter to the assignee designated by the Lessor), and to repossess the Project and exercise the Lessor's other rights and remedies under **Section 24** or, subject to the conditions specified below, part of its interest therein; provided that (a) any assignment shall not be effective until the Lessee has received written notice, signed by the assignor, of the name, address and tax identification number of the assignee, and (b) any assignment shall not be effective until it is registered on the registration books kept by the Lessee. The Lessee shall retain all such notices as a register of all assignees and shall make all payments to the assignee or assignees designated in such register. The Lessor's interest in this Lease cannot be fractionalized, nor can certificates of participation in this Lease be executed and delivered by the Lessor, without the prior written consent of the Lessee and then only if such fractionalizations or certificates of participation are sold on a private placement basis (and not pursuant to any "public offering") to a purchaser(s) who represents that (i) such purchaser has sufficient knowledge and experience in financial and business matters to be able to evaluate the risks and merits of the investment (ii) such purchaser understands neither this Lease nor the certificates will be registered under the Securities Act of 1933, as amended, (iii) such purchaser is a qualified institutional buyer within the meaning of Rule 144A, and (iv) that it is the intention of such purchaser to acquire such fractionalizations or certificates for investment for its own account. The Lessee will acknowledge any notices of assignment that may be reasonably requested by the Lessor or any assignee to protect its interests in this Lease.

Section 23. Events of Default. The occurrence of any one or more of the following events constitutes an "Event of Default" under this Lease:

(a) The Lessee's failure to make any Lease Payment (or any other payment) as it becomes due in accordance with the terms of this Lease;

(b) The Lessee's failure to vacate or surrender the Project by the beginning of the Fiscal Year following an Event of Nonappropriation as provided in **Section 8**;

(c) The Lessee's failure to perform or observe any other covenant, condition or agreement to be performed or observed by it under this Lease or any document delivered by the Lessee pursuant to or in connection with this Lease, and the failure is not cured or steps satisfactory to the Lessor taken to cure the failure, within 30 days after written notice of the failure to the Lessee by the Lessor;

(d) The discovery by the Lessor that any material statement, representation or warranty made by the Lessee in this Lease or in any writing delivered by the Lessee pursuant to or in connection with this Lease is false, misleading or erroneous in any material respect; or

(e) An order, judgment or decree will be entered by any court of competent jurisdiction approving a petition or appointment a receiver, trustee, custodian or liquidator of the Lessee or of all or a substantial part of the assets of the Lessee, in each case without its

application, approval or consent, and such order, judgment or decree will continue unstayed and in effect for any period of 30 consecutive days.

Section 24. Remedies. Upon the occurrence of an Event of Default, and as long as the Event of Default is continuing, the Lessor may, at its option, exercise any one or more of the following remedies as to the Project, to whichever the Event of Default pertains:

- (a) Terminate the Lease Term and give notice to the Lessee to vacate or surrender the Project within 60 days from the date of such notice;
- (b) By written notice to the Lessee, enter and take immediate possession of the Project;
- (c) Recover from the Lessee:
 - (i) the Lease Payments which would otherwise have been payable hereunder during any period in which the Lessee continues to use, occupy or retain possession of the Project; and
 - (ii) Lease Payments which would otherwise have been payable hereunder after the Lessee vacates or surrenders the Project during the remainder of the Fiscal Year in which such Event of Default occurs;
- (d) Sell or lease the Lessor's interest in the Project or sublease it for the account of the Lessee, holding the Lessee liable for all Lease Payments and other payments due during the remainder of the Fiscal Year in which the Event of Default occurs (if not collected under clause (c) above) to the extent that such selling, leasing or subleasing fails to provide amounts that are sufficient to pay all past due Lease Payments, the other remaining Principal Components listed on **Exhibit B** and any other amounts due to the Lessor under this Lease, with any proceeds of the sale of the Project being applied first to all past due Lease Payments, second to pay the Lessor an amount up to the aggregate of the remaining Principal Components listed on **Exhibit B**, third to any other amounts that are due to the Lessor under this Lease, and with any remainder to be paid to the Lessee; and
- (e) Exercise any other right, remedy or privilege which may be available to it under the applicable laws of the State or any other applicable law, subject to the limitations contained in this Lease with respect to the Lessee's obligations upon the occurrence of an Event of Nonappropriation; or proceed by appropriate court action to enforce the terms of this Lease or to recover damages for the breach of this Lease or to rescind this Lease as to any or all of the Project, including, but not limited to, any one or more remedial steps available to secured parties under Article 9 of the UCC or which are otherwise accorded to the Lessor by law.

The Lessee will remain liable for all covenants and obligations under this Lease, and for all legal fees and other costs and expenses, including court costs awarded by a court of competent jurisdiction, incurred by the Lessor or the Administrator with respect to the enforcement of any of the remedies under this Lease, when a court of competent jurisdiction has finally adjudicated that an Event of Default has occurred and enforced the remedies set forth in this Section.

Section 25. Personal Property. If no Base Lease is executed and delivered in connection with this Lease, (i) the Project is and will remain personal property, (ii) the Project will not be deemed to be affixed to or a part of the real estate on which it may be situated, notwithstanding that the Project or any

TAX COMPLIANCE AGREEMENT

THIS TAX COMPLIANCE AGREEMENT (the “Tax Agreement”), entered into as of November 15, 2018, between the **CITY OF CARTHAGE, MISSOURI**, a political subdivision organized and existing under the laws of the State of Missouri (the “Lessee”), and **UMB BANK, N.A.**, a national banking association organized and existing under the laws of the United States of America, as Escrow Agent (the “Escrow Agent”);

RECITALS

1. This Tax Agreement is being executed and delivered in connection with the execution and delivery of that certain Lease-Purchase Agreement dated as of November 15, 2018 (the “Lease”), in the original principal amount of \$1,348,260, by and among the Lessee, as lessee, Landmark Bank, a Missouri state banking corporation, as lessor (the “Lessor”), and the Missouri Association of Municipal Utilities, a Missouri nonprofit corporation, as administrator (the “Administrator”), for the purposes described in this Tax Agreement and in the hereinafter-defined Escrow Agreement.

2. The Internal Revenue Code of 1986, as amended (the “Code”), and the applicable Regulations and rulings issued by the U.S. Treasury Department (the “Regulations”), impose certain limitations on the uses and investment of the Lease proceeds and of certain other money relating to the Lease and set forth the conditions under which the interest components of the Lease payments will be excluded from gross income for federal income tax purposes.

3. The Lessee and the Escrow Agent are entering into this Tax Agreement in order to set forth certain facts, covenants, representations, and expectations relating to the use of Lease proceeds and the property financed or refinanced with those proceeds and the investment of the Lease proceeds and of certain other related money, in order to establish and maintain the exclusion of the interest components of the Lease payments from gross income for federal income tax purposes.

4. The Lessee adopted a Tax-Exempt Financing Compliance Procedure on September 11, 2012 (the “Tax Compliance Procedure”), a copy of which is attached hereto as **Exhibit G**, for the purpose of setting out general procedures for the Lessee to continuously monitor and comply with the federal income tax requirements set out in the Code and the Regulations.

5. This Tax Agreement is entered into as required by the Tax Compliance Procedure to set out specific tax compliance procedures applicable to the Lease.

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, covenants and agreements set forth in this Tax Agreement, the Lessee and the Escrow Agent represent, covenant and agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1. Definitions of Words and Terms. Except as otherwise provided in this Tax Agreement or unless the context otherwise requires, capitalized words and terms used in this Tax

Agreement have the same meanings as set forth in the Lease, and certain other words and phrases have the meanings assigned in Code §§ 103, 141-150 and the Regulations. The following words and terms used in this Tax Agreement have the following meanings:

“Bond Compliance Officer” means the Lessee’s City Clerk or, if the position of City Clerk is vacant, the person filling the responsibilities of the City Clerk for the Lessee.

“Code” means the Internal Revenue Code of 1986, as amended.

“Disbursing Agent” means UMB Bank, N.A., a national banking association organized and existing under the laws of the United States of America.

“Financed Facility” means the portion of the Project being financed or refinanced with the proceeds of the Lease as described on **Exhibit D**.

“Gross Proceeds” means (a) sale proceeds (any amounts actually or constructively received by the Lessee from the execution and delivery of the Lease, including amounts used to pay underwriting discount or fees, but excluding pre-issuance accrued interest), (b) Investment proceeds (any amounts received from investing sale proceeds, other Investment proceeds or transferred proceeds), (c) any amounts held in a sinking fund for the Lease, (d) any amounts held in a pledged fund or reserve fund for the Lease, (e) any other replacement proceeds. Specifically, Gross Proceeds includes (but is not limited) to amounts held in the Project Fund.

“IRS” means the United States Internal Revenue Service.

“Issue Date” means November 15, 2018.

“Lease” means the Lease-Purchase Agreement dated as of November 15, 2018, by and among the Lessee, the Lessor and the Administrator.

“Opinion of Special Tax Counsel” means the written opinion of Gilmore & Bell, P.C. or other nationally recognized firm of special tax counsel. ARTICLE II

GENERAL REPRESENTATIONS AND COVENANTS

Section 2.1. Representations and Covenants of the Lessee. The Lessee represents and covenants as follows:

(a) *Organization and Authority.* The Lessee (1) is a political subdivision organized and existing under the laws of the State, (2) has lawful power and authority to execute and deliver the Lease for the purposes set forth therein and to enter into, execute and deliver this Tax Agreement and to carry out its obligations under this Tax Agreement and under such documents, and (3) by all necessary action has been duly authorized to execute and deliver the Lease, the Escrow Agreement and this Tax Agreement, acting by and through its duly authorized officials.

(b) *Tax-Exempt Status of Lease—General Representation and Covenants.* In order to maintain the exclusion of the interest component of the Lease payments from gross income for federal income tax purposes, the Lessee (1) will take whatever action, and refrain from whatever action, necessary to comply with the applicable requirements of the Code; (2) will not use or invest, or permit the use or investment of, any Lease proceeds, other money held under the Escrow Agreement, or other funds of the Lessee, in a manner that would violate applicable provisions of the Code; and (3) will not use, or permit the use of, any portion of the Financed Facility in a manner that would cause any portion of the Lease to become a “private activity bond” as defined in Code § 141.

(c) *Governmental Obligations—Use of Proceeds.* Throughout the Measurement Period, (1) for federal income tax purposes, all of the Financed Facility is expected to be owned by the Lessee or another Qualified User, (2) no portion of the Financed Facility is expected to be used in a Non-Qualified Use, and (3) the Lessee will not permit any Non-Qualified Use of the Financed Facility without first consulting with Special Tax Counsel.

(d) *No Private Loan.* Not more than 5% of the Net Proceeds of the Lease will be loaned directly or indirectly to any Non-Qualified User.

(e) *Management or Service Agreements.* As of the Issue Date, the Lessee has no Management or Service Agreements with Non-Qualified Users. During the Measurement Period, the Lessee will not enter into or renew any Management or Service Agreement with any Non-Qualified User without first consulting with Special Tax Counsel.

(f) *Leases.* Except for the Lease, as of the Issue Date, the Lessee has not entered into any subleases of any portion of the Financed Facility other than Qualified Use Agreements. During the Measurement Period, the Lessee will not enter into or renew any lease or similar agreement or arrangement other than a Qualified Use Agreement without first consulting with Special Tax Counsel.

(g) *Limit on Maturity of Lease.* A list of the assets included in the Financed Facility and a computation of the “average reasonably expected economic life” is attached to this Tax Agreement as **Exhibit D**. Based on this computation, the “average maturity” of the Lease, as computed by Special Tax Counsel, does not exceed 120% of the average reasonably expected economic life of the Financed Facility.

(h) *Expenditure of Lease Proceeds; Reimbursement.* On November 13, 2018, the governing body of the Lessee adopted an ordinance declaring its intent to finance the Financed Facility and to execute and deliver the Lease and to reimburse itself for expenditures made for the Financed Facility prior to the execution and delivery of the Lease. A copy of the ordinance is included as **Exhibit C**. [\$ _____] [No portion] of the Net Proceeds of the Lease are expected to be used to reimburse an expenditure paid by the Lessee more than 60 days prior to the date the ordinance was adopted unless such expenditure satisfies the requirements of Regulations § 1.150-2(f). No reimbursement allocation will be made for an expenditure made more than 3 years before the date of the reimbursement allocation. No reimbursement allocation will be made more than 3 years following the later of (1) the date of the expenditure or (2) the date the Financed Facility was placed in service.

(i) *Registration Requirement.* The Lease requires that any assignment of the Lease by the Lessor is not effective until the assignment is registered on the registration books kept by the Lessee. Therefore, the Lease will be held in registered form within the meaning of Code § 149(a).

(j) *Lease Not Federally Guaranteed.* The Lessee will not take any action or permit any action to be taken which would cause any portion of the Lease to be “federally guaranteed” within the meaning of Code § 149(b).

(k) *IRS Form 8038-G.* Special Tax Counsel will prepare Form 8038-G (Information Return for Tax-Exempt Governmental Obligations) based on the representations and covenants of the Lessee contained in this Tax Agreement or otherwise provided by the Lessee. Special Tax Counsel will sign the return as a paid preparer following completion and will then deliver copies to the Lessee for execution and for the Lessee’s records. The Lessee agrees to timely execute and return to Special Tax Counsel the execution copy of Form 8038-G for filing with the IRS. A copy of the “as-filed” Form 8038-G, along with proof of filing, will be included as **Exhibit B**. [**The Lessee will not allocate any of the Net Proceeds of the Lease to reimburse expenditures made prior to the Issue Date, and that should be reflected on Line 45a of Form 8038-G.**]

(l) *Hedge Bond.* At least 85% of the net sale proceeds of the Lease will be used to carry out the governmental purpose of the Lease within three years after the Issue Date, and not more than 50% of the proceeds of the Lease will be invested in Investments having a substantially guaranteed Yield for four years or more.

(m) *Compliance with Future Tax Requirements.* The Lessee understands that the Code and the Regulations may impose new or different restrictions and requirements on the Lessee in the future. The Lessee will comply with such future restrictions that are necessary to maintain the exclusion of the interest components of the Lease payments from gross income for federal income tax purposes.

(n) *Single Issue; No Other Issues.* The Lease constitutes a single “issue” under Regulations § 1.150-1(c). No other debt obligations of the Lessee (1) are being sold within 15 days of the execution and delivery of the Lease, (2) are being sold under the same plan of financing as the Lease, and (3) are expected to be paid from substantially the same source of funds as the Lease (disregarding guarantees from unrelated parties, such as bond insurance).

(o) *Interest Rate Swap.* As of the Issue Date, the Lessee has not entered into an interest rate swap agreement or any other similar arrangement designed to modify its interest rate risk with respect to the Lease. The Lessee will not enter into any such arrangement in the future without first consulting with Special Tax Counsel.

(p) *Guaranteed Investment Contract.* As of the Issue Date, the Lessee does not expect to enter into a Guaranteed Investment Contract for any Gross Proceeds of the Lease. The Lessee will be responsible for complying **Section 4.4(d)** if it decides to enter into a Guaranteed Investment Contract at a later date.

(q) *Bank Qualified Tax-Exempt Obligation.* The Lessee designates the Lease as a “qualified tax-exempt obligation” under Code § 265(b)(3), and with respect to this designation certifies as follows:

(1) the Lessee reasonably anticipates that the amount of tax-exempt obligations (other than private activity bonds that are not qualified 501(c)(3) bonds) that will be issued by or on behalf of the Lessee (and all subordinate entities of the Lessee) during the calendar year that the Lease is executed and delivered, including the Lease, will not exceed \$10,000,000; and

(2) the Lessee (including all subordinate entities of the Lessee) will not issue tax-exempt obligations (other than private activity bonds that are not qualified 501(c)(3) bonds) during the calendar year that the Lease is executed and delivered, including the Lease, in an aggregate principal amount or aggregate issue price in excess of \$10,000,000, without first obtaining an Opinion of Special Tax Counsel that the designation of the Lease as “qualified tax-exempt obligations” will not be adversely affected.

Section 2.2. Representations and Covenants of the Escrow Agent. The Escrow Agent represents and covenants to the Lessee as follows:

(a) The Escrow Agent will comply with its duties as expressly set forth in the provisions of this Tax Agreement and any written advice or Opinion of Special Tax Counsel, specifically referencing the Lease and received by the Escrow Agent, that sets forth any action necessary to comply with any statute, regulation or ruling that may apply to it as Escrow Agent and relating to reporting requirements or other requirements necessary to maintain the exclusion of the interest component of the Lease from gross income for federal income tax purposes.

(b) The Escrow Agent, at the request of the Lessee, may from time to time cause a firm of attorneys, consultants or independent accountants or an investment banking firm to provide the Escrow Agent and the Lessee with such information as the Lessee may request in order to determine all matters relating to (1) the Yield on the Lease as it relates to any data or conclusions necessary to verify that no

portion of the Lease is an "arbitrage bond" within the meaning of Code § 148, and (2) compliance with arbitrage rebate requirements of Code § 148(f). The Lessee will pay all costs and expenses incurred in connection with supplying the foregoing information.

Section 2.3. Survival of Representations and Covenants. All representations, covenants and certifications of the Lessee and the Escrow Agent contained in this Tax Agreement or in any certificate or other instrument delivered by the Lessee or the Escrow Agent under this Tax Agreement, will survive the execution and delivery of such documents and the Lease, as representations of facts existing as of the date of execution and delivery of the instruments containing such representations. The foregoing covenants of this Section will remain in full force and effect notwithstanding prepayment of the Lease.

ARTICLE III

ARBITRAGE CERTIFICATIONS AND COVENANTS

Section 3.1. General. The purpose of this **Article III** is to certify, under Regulations § 1.148-2(b), the Lessee's expectations as to the sources, uses and investment of Lease proceeds and other money, in order to support the Lessee's conclusion that no portion of the Lease is an arbitrage bond. The person executing this Tax Agreement on behalf of the Lessee is an officer of the Lessee responsible for issuing the Lease.

Section 3.2. Reasonable Expectations. The facts, estimates and expectations set forth in this **Article III** are based upon and in reliance upon the Lessee's understanding of the documents and certificates that comprise the Transcript, and the representations, covenants and certifications of the parties contained therein. To the Lessee's knowledge, the facts and estimates set forth in this Tax Agreement are accurate, and the expectations of the Lessee set forth in this Tax Agreement are reasonable. The Lessee has no knowledge that would cause it to believe that the representations, warranties and certifications described in this Tax Agreement are unreasonable or inaccurate or may not be relied upon.

Section 3.3. Purpose of Financing. The Lease is being executed and delivered for the purpose of providing funds to finance or refinance the cost of the Financed Facility.

Section 3.4. Funds and Accounts. The Project Fund has been established under the Escrow Agreement.

Section 3.5. Amount and Use of Lease Proceeds and Other Money.

(a) *Amount of Lease Proceeds.* The total proceeds to be received by the Lessee from the execution and delivery of the Lease will be \$1,348,260.

(b) *Use of Lease Proceeds.* Proceeds of the Lease are expected to be allocated to expenditures as follows:

(1) \$1,348,260 of Lease proceeds will be deposited in the Project Fund. Of this amount[**, none will be used to reimburse Lessee for costs of the Financed Facility paid prior to the Issue Date, and the balance will be used to pay future costs of the Financed Facility.**]

(2) \$- of Lease proceeds will be used to pay costs of issuance relating to the Lease.

Section 3.6. No Refunding. No proceeds of the Lease will be used to pay principal or interest on any other debt obligation.

Section 3.7. Project Completion. The Lessee has incurred, or will incur within 6 months after the Issue Date, a substantial binding obligation to a third party to spend at least 5% of the Net Proceeds of the Lease on the Financed Facility. The completion of the Financed Facility and the allocation of the Net Proceeds of the Lease to expenditures will proceed with due diligence. At least 85% of the Net Proceeds of the Lease will be allocated to expenditures on the Financed Facility within three years after the Issue Date.

Section 3.8. No Sinking Funds. No sinking fund or other similar fund that is expected to be used to pay principal components or interest components of the Lease payments has been established or is expected to be established.

Section 3.9. Reserve, Replacement and Pledged Funds.

(a) *Debt Service Reserve Fund.* No reserve or replacement fund has been established for the Lease.

(b) *No Other Replacement or Pledged Funds.* None of the Lease proceeds will be used as a substitute for other funds that were intended or earmarked to pay costs of the Financed Facility, and that instead has been or will be used to acquire higher yielding Investments. There are no other funds pledged or committed in a manner that provides a reasonable assurance that such funds would be available for payment of the principal of or interest component of the Lease payments if the Lessee encounters financial difficulty.

(c) *Other Funds.* The Project Fund is expected to be used to provide funds to construct and install the Financed Facility, and therefore is not pledged or committed in a manner that provides a reasonable assurance that such funds would be available for payment of the principal of or interest component of the Lease payments if the Lessee encounters financial difficulty.

Section 3.10. Purpose Investment Yield. The proceeds of the Lease will not be used to purchase an Investment for the purpose of carrying out the governmental purpose of the financing.

Section 3.11. Issue Price and Yield on Lease.

(a) *Issue Price.* Based on the Lessor's certifications in the Investment Letter included as a part of the Transcript, the Lessee hereby elects to establish the issue price of the Lease pursuant to Regulations § 1.148-1(f)(2)(i) (relating to the so-called "private placement rule"). Therefore, the aggregate issue price of the Lease for such purpose is \$1,348,260.

(b) *Yield.* Based on the initial purchase price, the Yield on the Lease is 3.9523%, as computed by Special Tax Counsel as shown on **Exhibit A**. The Lessee has not entered into an interest rate swap agreement with respect to any portion of the proceeds of the Lease.

Section 3.12. Miscellaneous Arbitrage Matters.

(a) *No Abusive Arbitrage Device.* The Lease is not and will not be part of a transaction or series of transactions that has the effect of (1) enabling the Lessee to exploit the difference between tax-exempt and taxable interest rates to gain a material financial advantage, and (2) overburdening the tax-exempt bond market.

(b) *No Over-Issuance.* The sale proceeds of the Lease, together with expected Investment earnings thereon and other money contributed by the Lessee, do not exceed the cost of the governmental purpose of the Lease as described above.

Section 3.13. Conclusion. On the basis of the facts, estimates and circumstances set forth in this Tax Agreement, the Lessee does not expect that the Lease proceeds will be used in a manner that would cause any portion of the Lease to be an "arbitrage bond" within the meaning of Code § 148 and the Regulations.

ARTICLE IV

**POST-ISSUANCE TAX COMPLIANCE REQUIREMENTS
POLICIES AND PROCEDURES**

Section 4.1. General.

(a) *Purpose of Article.* The purpose of this **Article IV** is to supplement the Tax Compliance Procedure and to set out specific policies and procedures governing compliance with the federal income tax requirements for the Lease that apply after the Lease is executed and delivered. The Lessee recognizes that the interest component of the Lease payments will remain excludable from gross income only if the Post-Issuance Tax Requirements are followed after the Issue Date. The Lessee further acknowledges that written evidence substantiating compliance with the Post-Issuance Tax Requirements must be retained in order to permit the Lease to be refinanced with tax-exempt obligations and substantiate the position that the interest component of each Lease payment is exempt from gross income in the event of an audit of the Lease by the IRS.

(b) *Written Policies and Procedures of the Lessee.* The Lessee intends for the Tax Compliance Procedure, as supplemented by this Tax Agreement, to be its primary written policies and procedures for monitoring compliance with the Post-Issuance Tax Requirements for the Lease and to supplement any other formal policies and procedures related to the Post-Issuance Tax Requirements that the Lessee has established. The provisions of this Tax Agreement are intended to be consistent with the Tax Compliance Procedure. In the event of any inconsistency between the Tax Compliance Procedure and this Tax Agreement, the terms of this Tax Agreement will govern.

(c) *Bond Compliance Officer.* The Lessee, when necessary to fulfill its Post-Issuance Tax Requirements, will, through its Bond Compliance Officer, sign Form 8038-T in connection with the payment of arbitrage rebate or Yield reduction payments, participate in any federal income tax audit of the Lease or related proceedings under a voluntary compliance agreement procedures (VCAP) or undertake a remedial action procedure pursuant to Regulations § 1.141-12. In each case, all costs and expenses incurred by the Lessee shall be treated as a reasonable cost of administering the Lease and the Lessee shall be entitled to reimbursement and recovery of its costs to the same extent as provided in the Lease or State law.

Section 4.2. Record Keeping; Use of Lease Proceeds and Use of Financed Facility.

(a) *Record Keeping.* The Bond Compliance Officer will maintain the Tax-Exempt Bond File for the Lease in accordance with the Tax Compliance Procedure. Unless otherwise specifically instructed in a written Opinion of Special Tax Counsel or to the extent otherwise provided in this Tax Agreement, the Bond Compliance Officer shall retain records related to the Post-Issuance Tax Requirements until 3 years following the final maturity of (i) the Lease or (ii) any obligation issued to refinance the Lease. Any records maintained electronically must comply with Section 4.01 of Revenue Procedure 97-22, which generally provides that an electronic storage system must (1) ensure an accurate and complete transfer of the hardcopy records which indexes, stores, preserves, retrieves and reproduces the electronic records, (2) include reasonable controls to ensure integrity, accuracy and reliability of the electronic storage system and to prevent unauthorized alteration or deterioration of electronic records, (3) exhibit a high degree of legibility and readability both electronically and in hardcopy, (4) provide support for other books and records of the Lessee and (5) not be subject to any agreement that would limit the ability of the IRS to access and use the electronic storage system on the Lessee's premises.

(b) *Accounting and Allocation of Lease Proceeds to Expenditures.* The Bond Compliance Officer will account for the investment and expenditure of Lease proceeds in the level of detail required by the Tax Compliance Procedure. The Bond Compliance Officer will supplement the expected allocation of Lease proceeds to expenditures with a Final Written Allocation as required by the Tax Compliance Procedure. A sample form of Final Written Allocation is attached as **Exhibit F**.

(c) *Annual Compliance Checklist.* Attached as **Exhibit E** is a form of Annual Compliance Checklist for the Lease. The Bond Compliance Officer will prepare and complete an Annual Compliance Checklist for the Financed Facility at least annually, following the placed in service date of the Project, in accordance with the Tax Compliance Procedure. In the event the Annual Compliance Checklist identifies a deficiency in compliance with the requirements of this Tax Agreement, the Bond Compliance Officer will take the actions identified in advice or an Opinion of Special Tax Counsel or **Section 4.4** of the Tax Compliance Procedure to correct any deficiency.

(d) *Opinions of Special Tax Counsel.* The Bond Compliance Officer is responsible for obtaining and delivering to the Lessee any advice or Opinion of Special Tax Counsel required under the provisions of this Tax Agreement, including any advice or Opinion of Special Tax Counsel required by this Tax Agreement or the Annual Compliance Checklist.

Section 4.3. Investment Yield Restriction. Except as described below, the Lessee will not invest Gross Proceeds at a Yield greater than the Yield on the Lease:

(a) *Project Fund.* Lease proceeds deposited in the Project Fund, including amounts held to pay the costs of executing and delivering the Lease, and Investment earnings on those proceeds may be invested without Yield restriction for up to 3 years following the Issue Date. If any unspent proceeds remain in the Project Fund after 3 years, those amounts may continue to be invested without Yield restriction so long as the Lessee pays to the IRS all Yield reduction payments in accordance with Regulations § 1.148-5(c). These payments are required whether or not the Lease is exempt from the arbitrage rebate requirements of Code § 148.

(b) *Minor Portion.* In addition to the amounts described above, Gross Proceeds not exceeding the Minor Portion may be invested without Yield restriction.

Section 4.4. Procedures for Establishing Fair Market Value.

(a) *General.* No Investment may be acquired with Gross Proceeds for an amount (including transaction costs) in excess of the fair market value of such Investment, or sold or otherwise disposed of for an amount (including transaction costs) less than the fair market value of the Investment. The fair market value of any Investment is the price a willing buyer would pay to a willing seller to acquire the Investment in a bona fide, arm's-length transaction. Fair market value will be determined in accordance with Regulations § 1.148-5.

(b) *Established Securities Market.* Except for Investments purchased for a Yield-restricted defeasance escrow, if an Investment is purchased or sold in an arm's-length transaction on an established securities market (within the meaning of Code § 1273), the purchase or sale price constitutes the fair market value. Where there is no established securities market for an Investment, market value must be established using one of the paragraphs below. The fair market value of Investments purchased for a Yield-restricted defeasance escrow must be determined in a bona fide solicitation for bids that complies with Regulations § 1.148-5.

(c) *Certificates of Deposit.* The purchase price of a certificate of deposit (a "CD") is treated as its fair market value on the purchase date if (1) the CD has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal, (2) the Yield on the CD is not less than the Yield on reasonably comparable direct obligations of the United States, and (3) the Yield is not less than the highest Yield published or posted by the CD issuer to be currently available on reasonably comparable CDs offered to the public.

(d) *Guaranteed Investment Contracts.* The Lessee is applying Regulations § 1.148-5(d)(6)(iii)(A) (relating to electronic bidding of Guaranteed Investment Contracts) to the Lease. The purchase price of a Guaranteed Investment Contract is treated as its fair market value on the purchase date if all of the following requirements are met:

(1) Bona Fide Solicitation for Bids. The Lessee or the Escrow Agent makes a bona fide solicitation for the Guaranteed Investment Contract, using the following procedures:

(A) The bid specifications are in writing and are timely forwarded to potential providers.

(B) The bid specifications include all "material" terms of the bid. A term is material if it may directly or indirectly affect the Yield or the cost of the Guaranteed Investment Contract.

(C) The bid specifications include a statement notifying potential providers that submission of a bid is a representation (i) that the potential provider did not consult with any other potential provider about its bid, (ii) that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the Lessee, the Escrow Agent, or any other person (whether or not in connection with the bond issue), and (iii) that the bid is not being submitted solely as a courtesy to the Lessee, the Escrow Agent, or any other person, for purposes of satisfying the requirements of the Regulations.

(D) The terms of the bid specifications are “commercially reasonable.” A term is commercially reasonable if there is a legitimate business purpose for the term other than to increase the purchase price or reduce the Yield of the Guaranteed Investment Contract.

(E) The terms of the solicitation take into account the Lessee’s reasonably expected deposit and draw-down schedule for the amounts to be invested.

(F) All potential providers have an equal opportunity to bid. For example, no potential provider is given the opportunity to review other bids (*i.e.*, a last look) before providing a bid.

(G) At least three “reasonably competitive providers” are solicited for bids. A reasonably competitive provider is a provider that has an established industry reputation as a competitive provider of the type of Investments being purchased.

(2) Bids Received. The bids received must meet all of the following requirements:

(A) At least three bids are received from providers that were solicited as described above and that do not have a “material financial interest” in the issue. For this purpose, (i) a lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until 15 days after the Issue Date of the issue, (ii) any entity acting as a financial advisor with respect to the purchase of the Guaranteed Investment Contract at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue, and (iii) a provider that is a related party to a provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(B) At least one of the three bids received is from a reasonably competitive provider, as defined above.

(C) If an agent or broker is used to conduct the bidding process, the agent or broker did not bid to provide the Guaranteed Investment Contract.

(3) Winning Bid. The winning bid is the highest yielding bona fide bid (determined net of any broker’s fees).

(4) Fees Paid. The obligor on the Guaranteed Investment Contract certifies the administrative costs that it pays (or expects to pay, if any) to third parties in connection with supplying the Guaranteed Investment Contract.

(5) Records. The Lessee and the Escrow Agent retain the following records with the lease documents until three years after the Lease is prepaid:

(A) A copy of the Guaranteed Investment Contract.

(B) The receipt or other record of the amount actually paid for the Guaranteed Investment Contract, including a record of any administrative costs paid by

the Lessee or the Escrow Agent, and the certification as to fees paid, described in paragraph (d)(4) above.

(C) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results.

(D) The bid solicitation form and, if the terms of Guaranteed Investment Contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

(e) *Other Investments.* If an Investment is not described above, the fair market value may be established through a competitive bidding process, as follows:

(1) at least three bids on the Investment must be received from persons with no financial interest in the Lease (*e.g.*, as underwriters or brokers); and

(2) the Yield on the Investment must be equal to or greater than the Yield offered under the highest bid.

Section 4.5 Lease Exempt from the Rebate Requirement.

(a) *The Lease Qualifies as a Rebate-Exempt Small Issue.*

(1) the Lessee is a governmental unit under State law with general taxing powers;

(2) no portion of the Lease is a "private activity bond" as defined in Code § 141;

(3) 95% or more of the Net Proceeds of the Lease are to be used for local governmental activities of the Lessee; and

(4) the aggregate face amount of all tax-exempt bonds (other than private activity bonds) to be issued by the Lessee during the current calendar year is not reasonably expected to exceed \$5,000,000. The Lessee understands that, for this purpose; (a) the Lessee and all entities which issue bonds on behalf of the Lessee are treated as one issuer; (b) all bonds issued by an entity subordinate to the Lessee are treated as issued by the Lessee; and (c) bonds issued by the Lessee to currently refund any other bond are not taken into account to the extent that the amount of the refunding bonds does not exceed the outstanding amount of the refunded obligations.

(c) *Conclusion.* Based on these certifications, Special Tax Counsel has advised the Lessee that the Lease is exempt from the arbitrage rebate requirements of Code § 148(f), under the small-issuer exception set forth in Code § 148(f)(4)(D).

(d) *Circumstances Requiring Yield Reduction Calculations.* In the event Lease proceeds in excess of the Minor Portion remain on deposit in the Project Fund three years after the Issue Date, the Lessee will contact Special Tax Counsel to seek advice regarding restricting the Yield on Investments held in the Project Fund and preparing a Yield reduction calculation.

(e) *Filing Requirements.* The Lessee will file or cause to be filed with the IRS such reports or other documents as are required by the Code in accordance with an Opinion of Special Tax Counsel.

ARTICLE V

MISCELLANEOUS PROVISIONS

Section 5.1. Term of Tax Agreement. This Tax Agreement will be effective concurrently with the execution and delivery of the Lease and will continue in force and effect until the principal components of, redemption premium, if any, and interest components on all Lease have been fully paid and all such Lease are cancelled; provided that, the provisions of **Article IV** of this Tax Agreement regarding payment of arbitrage rebate and all related penalties and interest will remain in effect until all such amounts are paid to the United States.

Section 5.2. Amendments. This Tax Agreement may be amended from time to time by the parties to this Tax Agreement without notice to or the consent of the Lessor, but only if such amendment is in writing and is accompanied by an Opinion of Special Tax Counsel to the effect that, under then existing law, assuming compliance with this Tax Agreement as so amended such amendment will not cause the interest component of the Lease payments to be included in gross income for federal income tax purposes. No such amendment will become effective until the Lessee and the Escrow Agent receive this Opinion of Special Tax Counsel.

Section 5.3. Opinion of Special Tax Counsel. The Lessee and the Escrow Agent may deviate from the provisions of this Tax Agreement if furnished with an Opinion of Special Tax Counsel addressed to each of them to the effect that the proposed deviation will not adversely affect the exclusion of interest component of Lease payments from gross income for federal income tax purposes. The Lessee and the Escrow Agent will comply with any further or different instructions provided in an Opinion of Special Tax Counsel to the effect that the further or different instructions need to be complied with in order to maintain the validity of the Lease or the exclusion from gross income of interest component of the Lease payments.

Section 5.4. Reliance. In delivering this Tax Agreement, the Lessee and the Escrow Agent are making only those certifications, representations and agreements as are specifically attributed to them in this Tax Agreement. Neither the Lessee nor the Escrow Agent is aware of any facts or circumstances which would cause it to question the accuracy of the facts, circumstances, estimates or expectations of any other party providing certifications as part of this Tax Agreement and, to the best of its knowledge, those facts, circumstances, estimates and expectations are reasonable. The parties to this Tax Agreement understand that its certifications will be relied upon by the law firm of Gilmore & Bell, P.C., in rendering its opinion as to the validity of the Lease and the exclusion from federal gross income of the interest component of the Lease payments.

Section 5.5. Severability. If any provision in this Tax Agreement or in the Lease is determined to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions will not be affected or impaired.

Section 5.6. Benefit of Tax Agreement. This Tax Agreement is binding upon the Lessee and the Escrow Agent and their respective successors and assigns, and inures to the benefit of the parties to this Tax Agreement and the owners of the Lease. Nothing in this Tax Agreement or in the Escrow Agreement or the Lease, express or implied, gives to any person, other than the parties to this Tax Agreement, and their successors and assigns, and the owners of the Lease, any benefit or any legal or equitable right, remedy or claim under this Tax Agreement.

Section 5.7. Default; Breach and Enforcement. Any misrepresentation of a party contained herein or any breach of a covenant or agreement contained in this Tax Agreement may be pursued by the Lessor or any other document which references this Tax Agreement and gives remedies for a misrepresentation or breach thereof.

Section 5.8. Execution in Counterparts. This Tax Agreement may be executed in any number of counterparts, each of which so executed will be deemed to be an original, but all such counterparts will together constitute the same instrument.

Section 5.9. Governing Law. This Tax Agreement will be governed by and construed in accordance with the laws of the State.

Section 5.10. Electronic Transactions. The parties agree that the transaction described in this Tax Agreement may be conducted, and related documents may be sent, received or stored, by electronic means.

SAMPLE FINAL WRITTEN ALLOCATION

\$1,348,260

**Lease-Purchase Agreement
dated as of November 15, 2018**

by and among

**City of Carthage, Missouri, as Lessee,
Landmark Bank, as Lessor**

and the

Missouri Association of Municipal Utilities, as Administrator

The undersigned is the Bond Compliance Officer of the City of Carthage, Missouri (the "Lessee"), and in that capacity is authorized to execute federal income tax returns required to be filed by the Lessee and to make appropriate elections and designations regarding federal income tax matters on behalf of the Lessee. This allocation of the proceeds of the tax-exempt obligation referenced above (the "Lease") is necessary for the Lessee to satisfy ongoing reporting and compliance requirements under federal income tax laws.

Purpose. This document, together with the schedules and records referred to below, is intended to memorialize allocations of Lease proceeds to expenditures for purposes of §§ 141 and 148 of the Internal Revenue Code (the "Code"). All allocations are or were previously made no later than 18 months following the date the expenditure was made by the Lessee or, if later, the date the "project" was "placed in service" (both as defined below), and no later than 60 days following the 5th anniversary of the issue date of the Lease.

Background. The Lease was executed and delivered on November 15, 2018 (the "Issue Date"), by the Lessee. The Lease was executed and delivered in order to provide funds for the acquisition and installation of diesel oxidation catalysts on five (5) diesel engines for use by the Carthage Water and Electric Plant, including removal of the existing mufflers and engine controls and installation of new mufflers, catalysts and controls (the "Project"). Proceeds of the Lease used to pay costs of the Project were deposited to the Project Fund.

Sources Used to Fund Project Costs and Allocation of Proceeds to Project Costs. A portion of the costs of the Project was paid from sale proceeds of the Lease and the remaining portion of the costs of the Project was paid from earnings from the investment of Lease proceeds and from other money of the Lessee as shown on **Schedule 1** to this Final Written Allocation.

Identification of Financed Assets. The portions of the Project financed from Lease proceeds (i.e., the "Financed Facility" referenced in the Tax Compliance Agreement) are listed on page 1 of **Schedule 2** to this Final Written Allocation.

Identification and Timing of Expenditures for Arbitrage Purposes. For purposes of complying with the arbitrage rules, the Lessee allocates the proceeds of the Lease to the various expenditures described in the invoices, requisitions or other substantiation attached as **Schedule 2** to this Final Written Allocation. In each case, the cost requisitioned was either paid directly to a third party or reimbursed the Lessee for an amount it had previously paid or incurred. Amounts received from the sale of the Lease and retained as purchaser's discount are allocated to that purpose and spent on the Issue Date. Amounts allocated to interest expense are treated as paid on the interest payment dates for the Lease.

Placed In Service. The Project was “placed in service” on the date set out on **Schedule 2** to this Final Written Allocation. For this purpose, the assets are considered to be “placed in service” as of the date on which, based on all the facts and circumstances: (1) the constructing and equipping of the asset has reached a degree of completion which would permit its operation at substantially its design level; and (2) the asset is, in fact, in operation at that level.

This allocation has been prepared based on statutes and regulations existing as of this date. The Lessee reserves the right to amend this allocation to the extent permitted by future Treasury Regulations or similar authorities.

LESSOR: LANDMARK BANK

LESSEE: CITY OF CARTHAGE, MISSOURI

ESCROW AGENT: UMB BANK, N.A.

ADMINISTRATOR: MISSOURI ASSOCIATION OF MUNICIPAL UTILITIES

DATE: NOVEMBER 15, 2018

**DEPOSIT TO
PROJECT FUND:** \$1,348,260

THIS ESCROW AGREEMENT, dated as of the date set forth above, among the Lessor named above (“Lessor”), the Lessee named above (“Lessee”), the Escrow Agent named above, as Escrow Agent (“Escrow Agent”), and the Administrator named above, as Administrator (“Administrator”):

In consideration of the mutual covenants and agreements herein set forth, the parties hereto do hereby covenant and agree as follows:

1. This Escrow Agreement relates to the Lease-Purchase Agreement (the “Lease”), dated as of the date hereof, by and among Lessor, Lessee and Administrator.
2. Except as otherwise defined herein, all capitalized terms in this Escrow Agreement that are not otherwise defined herein will have the meaning set forth in the Lease.
3. Lessor, Lessee and Escrow Agent agree that Escrow Agent will act as sole Escrow Agent under this Escrow Agreement, in accordance with the terms and conditions set forth in this Escrow Agreement. Escrow Agent in its capacity as Escrow Agent hereunder will not be deemed to be a party to the Lease, and this Escrow Agreement will be deemed to constitute the entire agreement among Lessor, Lessee and Escrow Agent.
4. There is hereby established in the custody of Escrow Agent a special trust fund designated as the “City of Carthage, Missouri November 15, 2018 Project Fund” (the “Project Fund”) to be held and administered by Escrow Agent in trust in accordance with this Escrow Agreement.
5. Lessor will deposit the amount set forth above in the Project Fund at the time of the execution and delivery by Lessor and Lessee of the Lease and this Escrow Agreement. Upon receipt such amounts, the obligations of Escrow Agent hereunder shall commence. Moneys held by Escrow Agent hereunder will be invested and reinvested by Escrow Agent upon written order of a representative of Lessee in Qualified Investments (as hereinafter defined) meeting the requirements specified in the Tax Compliance Agreement dated as of November 15, 2018 (the “Tax Compliance Agreement”), between Lessee and Escrow Agent, and maturing or subject to redemption at the option of the holder thereof prior to the date on which it is expected that such funds will be needed. Escrow Agent may conclusively rely upon the written investment instructions of the representative of Lessee and shall have no obligation to determine if such directed investment is a Qualified Investment or meets the requirements specified in the Tax Compliance

Agreement. Such investments will be held by Escrow Agent in the Project Fund, and any interest earned on such investments will be deposited in the Project Fund. Escrow Agent may act as purchaser or agent in the making or disposing of any investment.

6. "Qualified Investments" means to the extent the same are at the time legal for investment of the funds being invested: (i) direct general obligations of the United States of America; (ii) obligations the timely payment of the principal of and interest on which is fully and unconditionally guaranteed by the United States of America; (iii) general obligations of the agencies and instrumentalities of the United States of America acceptable to Lessor; (iv) certificates of deposit, time deposits or demand deposits with any bank or savings institution including Escrow Agent or any affiliate thereof, provided that such certificates of deposit, time deposits or demand deposits, if not insured by the Federal Deposit Insurance Corporation, are fully secured by obligations described in (i), (ii) or (iii) above; (v) repurchase agreements with any state or national bank or trust company, including Escrow Agent or any affiliate thereof, that are secured by obligations of the type described in (i), (ii) or (iii) above, provided that such collateral is free and clear of claims of third parties and that Escrow Agent or a third party acting solely as agent for Escrow Agent has possession of such collateral and a perfected first security interest in such collateral; (vi) investment contracts with a bank, bank holding company, insurance company or financial institution whose unsecured long-term indebtedness or claims-paying ability are rated at least AA by S&P or Aa3 by Moody's and (vii) money market funds registered under the Federal Investment Company Act of 1940, whose shares are registered under the Federal Securities Act of 1933, and having a rating by S&P of AA-Am-G, AA-Am or AA-Am.

7. Moneys in the Project Fund will be used to pay for Project Costs. Payment will be made from the Project Fund for the Project Costs (i) upon presentation to Escrow Agent of a written request and certification in the form attached hereto as **Exhibit A**, signed by Lessee Representative and approved for payment by Lessor and submission of a valid IRS Form W-9 for each payee, or (ii) upon presentation to Escrow Agent of a written request and certification signed by the Lessee Representative stating that amount requested and certifying the disbursement shall be applied by Lessee to costs incurred in connection with the execution and delivery of the Lease.

Escrow Agent may rely conclusively on any such certificate and will not be required to make any independent investigation in connection therewith. Escrow Agent will make disbursements to pay Project Costs for which any such request is made within five business days of the receipt of that certificate.

8. The Project Fund will terminate upon the occurrence of the earlier of (i) the presentation to Lessor and Escrow Agent of (a) a Completion Certificate, a form of which is attached hereto as **Exhibit B**, (b) a certificate of Lessee confirming it has delivered to Lessor certificates of insurance evidencing compliance with **Section 18** of the Lease, and (c) a certificate of Lessee confirming it has delivered to Lessor final occupancy permit(s) respecting the Project, if any, issued by all appropriate governmental authorities; or (ii) the presentation of written notification by Lessor, or, if Lessor has assigned its interest under the Lease, then the assignees or subassignees of all of Lessor's interest under the Lease, that an Event of Default has occurred or that Lessee has terminated the Lease pursuant to **Sections 5** and **8** of the Lease. The Completion Certificate may also state that it is given without prejudice to any rights of Lessee that then exist or may subsequently come into being against third parties. Upon termination as described in (i) or (ii), any amount remaining in the Project Fund will be promptly disbursed to Lessor and applied by Lessor, without further authorization, as provided in **Section 4** of the Lease.

9. Lessee will comply with the Tax Compliance Agreement. Escrow Agent will comply with its duties as expressly set forth in the Tax Compliance Agreement. The Tax Compliance Agreement may be amended at any time without the consent of the parties hereto if in the opinion of nationally recognized counsel in the area of tax-exempt obligations of state and local governments satisfactory to Lessor, such

amendment is necessary or desirable to ensure that the Interest Components of Lease Payments will remain excluded from gross income for federal income tax purposes.

10. Escrow Agent may at any time resign by giving at least 30 days' written notice to Lessee and Lessor, but such resignation will not take effect until the appointment of a successor Escrow Agent. The substitution of another bank or trust company to act as Escrow Agent under this Escrow Agreement may occur by written agreement of Lessor and Lessee. In addition, Escrow Agent may be removed at any time, with or without cause, by an instrument in writing executed by Lessor and Lessee. In the event of any resignation or removal of Escrow Agent, a successor Escrow Agent will be appointed by an instrument in writing executed by Lessor and Lessee. Such successor Escrow Agent will indicate its acceptance of such appointment by an instrument in writing delivered to Lessor, Lessee and the predecessor Escrow Agent. Thereupon such successor Escrow Agent will, without any further act or deed, be fully vested with all the trusts, powers, rights, duties and obligations of Escrow Agent under this Escrow Agreement, and the predecessor Escrow Agent will deliver all moneys and securities held by it under this Escrow Agreement to such successor Escrow Agent.

11. Escrow Agent incurs no liability to make any disbursements pursuant to this Escrow Agreement except from funds held in the Project Fund. Escrow Agent makes no representations or warranties as to the title to the Project or as to the performance of any obligations of Lessor or Lessee.

12. Escrow Agent makes no representation or admission and assumes no responsibility respecting the ownership, validity, genuineness or value of the fund, instruments, documents, matters or things, or any endorsement or assignment thereof, mentioned in this Escrow Agreement and transaction between the Contractor and Lessee.

13. Escrow Agent will be liable as a depository only and will not be responsible for the sufficiency or accuracy of the form, execution or validity of the documents herein referred to or deposited hereunder, nor will it be liable in any respect on account of the identity, authority or rights of the persons executing or delivering, or purporting to execute or deliver any such document, paper, matter or thing.

14. The decision of Escrow Agent reached by it in good faith by its officer and/or counsel that the stipulations in this Escrow Agreement have been complied with or not complied with will be binding upon the parties to this Escrow Agreement and upon all persons interested in the Project Fund, instrument, documents, matters or things, and Escrow Agent will not be liable for any loss, expense, claim or damage that may result or be claimed to result to any such part(ies) by reason of this Escrow Agreement acting upon the basis of such decision. Escrow Agent shall not incur any liability to anyone for any damages, losses, expenses, or claims except for damages, losses, expenses or claims finally determined to have been caused by the willful misconduct or gross negligence of Escrow Agent.

15. Escrow Agent is under no obligation whatsoever to superintend or monitor the Project or to monitor if the investments made hereunder are in compliance with the Tax Compliance Agreement.

16. Lessee, to the extent permitted by law, will indemnify and hold Escrow Agent harmless from any and all loss or damage of whatsoever kind and from any suits, claims or demands, including Escrow Agent's reasonable legal fees and expenses on account of any matter or thing arising out of this Escrow Agreement or in connection therewith, except for such suits, claims or demands resulting from Escrow Agent's own gross negligence or willful misconduct. The indemnification obligation of Lessee shall survive the resignation or removal of Escrow Agent or the termination of this Escrow Agreement.

17. Lessee and Lessor understand and agree that Escrow Agent is not the agent or representative of either party and this Agreement will not be construed to make Escrow Agent liable to materialmen, contractors, subcontractors, craftsmen, laborers or others for goods or services delivered or provided by them upon the Project or for debts or claims accruing to Lessee or Lessor against the Project, and it is distinctly understood and agreed that there is no contractual relationship, either express or implied, between Escrow Agent and any materialman, contractor, subcontractor, craftsman, laborer, or any other persons supplying any work, labor or material in the construction of the Project.

18. Lessee will pay any reasonable fee and expenses of Escrow Agent for its services under this Escrow Agreement. Additionally, Escrow Agent is entitled to fees for extraordinary services and reimbursement of any out of pocket and extraordinary costs and expenses, including, but not limited to, attorneys' fees.

19. This Escrow Agreement will be governed by and construed in accordance with the laws of the State.

20. If any provision of this Escrow Agreement is held invalid or unenforceable by any court of competent jurisdiction, that holding will not invalidate or render unenforceable any other provision hereof.

21. This Escrow Agreement may not be amended except by a written instrument executed by Lessor, Lessee, Administrator and Escrow Agent.

22. This Escrow Agreement may be executed in several counterparts, and each counterpart so executed will be an original. Copies, telecopies, facsimiles, electronic files and other reproductions of original executed documents will be deemed to be authentic and valid counterparts of the original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law. The transaction described herein may be conducted and related documents may be sent, received or stored by electronic means.

23. This written agreement is a final expression of the agreement between the parties hereto and that agreement may not be contradicted by evidence of any prior oral agreement or of a contemporaneous oral agreement between the parties hereto. No unwritten oral agreement between the parties exists.

24. In the event of any disagreement between the undersigned or the person or persons named in the instructions contained in this Escrow Agreement, or any other person, resulting in adverse claims and demands being made in connection with or for any papers, money or property involved herein, or affected hereby, Escrow Agent shall be entitled to refuse to comply with any demand or claim, as long as such disagreement shall continue, and in so refusing to make any delivery or other disposition of any money, papers or property involved or affected hereby, Escrow Agent shall not be or become liable to the undersigned or to any person named in such instructions for its refusal to comply with such conflicting or adverse demands, and Escrow Agent shall be entitled to refuse and refrain to act until: (i) The rights of the adverse claimants shall have been fully and finally adjudicated in a Court assuming and having jurisdiction of the parties and money, papers and property involved herein or affected hereby, or (ii) All differences shall have been adjusted by agreement and Escrow Agent shall have been notified thereof in writing, signed by all the interested parties.

Ladies and Gentlemen:

We have acted as counsel to the lessee identified above (the "Lessee") in connection with the authorization, execution, and delivery by the Lessee of the above-referenced Lease-Purchase Agreement (the "Lease"). We have reviewed (i) the Constitution and laws of the State of Missouri (the "State"); (ii) the Lease; (iii) the Escrow Agreement dated as of November 15, 2018 (the "Escrow Agreement"), among the Lessee, the Lessor, the Missouri Association of Municipal Utilities, as administrator, and UMB Bank, N.A., as escrow agent (the "Escrow Agent"); (iv) the Tax Compliance Agreement dated November 15, 2018 (the "Tax Agreement"), between the Lessee and the Escrow Agent; (v) certain proceedings taken by the governing body of the Lessee, (vi) any related documents, to the extent defined and identified in the Lease, and (vii) such other information and documents as we have deemed necessary or appropriate in order to render this opinion.

Based on the foregoing, we are of the opinion that:

1. The Lessee is a political subdivision, validly organized and existing in good standing under the laws of the State and has full power and authority to enter into and to perform its obligations under the Lease, the Escrow Agreement and the Tax Agreement and has one or more of the following sovereign powers: (a) power to tax, (b) power of eminent domain, and (c) police powers.

2. The Lease, the Escrow Agreement and the Tax Agreement and any related documents have been duly authorized, executed and delivered by the Lessee and (assuming the due authorization, execution and delivery thereof by the other parties thereto) constitute legal, valid and binding obligations of the Lessee, enforceable against the Lessee in accordance with their respective terms (including, without limitation, the right of the Lessee to terminate the Lease at the end of each fiscal year of the Lessee by reason of an Event of Nonappropriation, as defined in the Lease), except as the enforceability thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

3. All consents, approvals or authorizations of any governmental entity and all filings and notices required on the part of the Lessee in connection with the authorization, execution and delivery of

the Lease, the Escrow Agreement and the Tax Agreement and the consummation of the transactions contemplated thereby have been obtained and are in full force and effect.

4. Neither the execution and delivery of the Lease nor the consummation of the transactions contemplated thereby, nor the fulfillment of or compliance with the terms and conditions of the Lease conflict with or constitute a violation of any provision of any law or regulation applicable to the Lessee or, to the best of our knowledge after reasonable investigation, conflicts with or results in a breach of the terms, conditions or provisions of any restriction or any agreement or instrument to which the Lessee is now a party or by which the Lessee is bound.

5. To the best of our knowledge, after reasonable investigation, there is no action, suit, proceeding or governmental investigation at law or in equity before or by any court, public board or body, pending of which the Lessee has been served with a summons, summons and complaint or other notice of commencement, or threatened against or affecting the Lessee, challenging the validity of the Lease or contesting the power and authority of the Lessee to execute and deliver the Lease, the Escrow Agreement and the Tax Agreement or to consummate the transactions contemplated by the Lease.

Respectfully submitted,

FORM OF OPINION OF SPECIAL TAX COUNSEL

November 15, 2018

City of Carthage, Missouri
Carthage, Missouri

Missouri Association of Municipal Utilities
Columbia, Missouri

Landmark Bank
Columbia, Missouri

Re: Lease-Purchase Agreement dated as of November 15, 2018 (the "Lease"), by and among Landmark Bank, as lessor (the "Lessor"), the City of Carthage, Missouri, as lessee (the "Lessee"), and the Missouri Association of Municipal Utilities, as administrator (the "Administrator")

Ladies and Gentlemen:

We have acted as special tax counsel to the Missouri Association of Municipal Utilities, as Missouri nonprofit corporation (the "Administrator") in connection with a transaction involving (a) the above-referenced Lease; (b) an Escrow Agreement dated as of November 15, 2018, among the Lessee, the Lessor, the Administrator and UMB Bank, N.A., as escrow agent (the "Escrow Agent"); and (c) a Tax Compliance Agreement dated November 15, 2018 (the "Tax Agreement"), between the Lessee and the Escrow Agent (collectively the "Documents"). Under the Lease, the Lessee has the use of and an option to purchase certain property on certain conditions upon payment of the rentals and purchase price set forth therein. Capitalized terms that are not defined herein are used with the meanings given to them in the Lease.

We have reviewed executed copies of the Documents, and, in addition, we have reviewed and considered the Internal Revenue Code of 1986, as amended (the "Code"), and the applicable regulations thereunder promulgated by the United States Department of Treasury.

In rendering the opinion set forth herein, we have assumed without undertaking to investigate the same by independent investigation or research that (a) the Documents have been duly authorized and executed and constitute valid and binding obligations of the parties thereto; and (b) the Lessee has fully complied with and fulfilled and will continue to fully comply with and fulfill all covenants and requirements of the Documents. Reference is made to the opinion of Nathaniel Dally, City Attorney, Carthage, Missouri, counsel to the Lessee, that the Documents have been duly authorized and delivered by the Lessee and are valid and binding obligations of the Lessee.

Based upon the foregoing review and assumptions, it is our opinion that, under existing law, the Interest Component of each Base Rent payment paid by the Lessee under the Lease is (1) excludable from gross income for federal income tax purposes, (2) is exempt from income taxation by the State of Missouri, and (3) is not an item of tax preference for purposes of computing the federal alternative minimum tax. The opinions set forth in this paragraph are subject to the condition that the Lessee comply

with all requirements of the Code that must be satisfied subsequent to the execution and delivery of the Lease in order that the Interest Components of the Base Rent payments paid by the Lessee, be or continue to be, excludable from gross income for federal and Missouri income tax purposes. The Lessee has covenanted to comply with all of these requirements. Failure to comply with certain of these requirements may cause the Interest Components of the Base Rent payments paid by the Lessee under the Lease to be included in gross income for federal and Missouri income tax purposes retroactive to the date of the execution and delivery of the Lease. The Lessee's obligation to pay Base Rent payments under the Lease has been designated as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code. We express no opinion regarding other federal tax consequences arising with respect to the Lease.

We express no opinions as to the title to or the description of the property subject to the Lease.

This opinion is given as of its date, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may come to our attention or any changes in law that may occur after the date of this opinion.

Very truly yours,

Re: \$1,348,260 Lease-Purchase Agreement dated November 15, 2018, by and among Landmark Bank, as lessor, the City of Carthage, Missouri, as lessee (the "Lessee"), and the Missouri Association of Municipal Utilities, as administrator

Gentlemen:

The undersigned lessor (the "Lessor") under the above-referenced Lease-Purchase Agreement (the "Lease"), hereby represents to you as follows:

1. The Lessor has sufficient knowledge and experience in financial and business matters, including purchase and ownership of municipal and other tax-exempt obligations, to be able to evaluate the risks and merits of the investment represented by the purchase of the Lease.

2. The Lessor is aware that the operations of the Lessee involve certain economic variables and risks that could affect adversely the security of the Lessor's investment in the Lease.

3. The Lessor is able to bear the economic risks of such investment.

4. The Lessor has read the Lease and related documents and understands the terms thereof, including without limitation the Lessee's right to terminate the Lease if it fails to appropriate sufficient funds to pay lease payments for any of its fiscal years.

5. The Lessor acknowledges that no offering circular, official statement, prospectus or other comprehensive offering statement containing material information with respect to the Lessee, the Lease and the Project (as defined in the Lease) has been provided to the Lessor, and the Lessor has made its own inquiry and analysis with respect to the Lessee, the Lease and the security therefor, and other material factors affecting the security and payment of the Lease.

6. The Lessor acknowledges that it has either been supplied with or has access to information, including financial statements and other financial information, to which a reasonable investor would attach significance in making its investment decisions, and the Lessor has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the Lessee, the Lease and the security therefor, so that as a reasonable investor, the Lessor has been able to make its decision to purchase the Lease.

7. The Lessor understands that the Lease (a) is not being registered under the Securities Act of 1933 and is not being registered or otherwise qualified for sale under the "Blue Sky" laws and regulations of any state, (b) will not be listed on any stock or other securities exchange and (c) will carry no rating from any rating service.

8. Except for participating the Lease with other banking institutions, the Lessor does not intend to divide the Lease nor to resell or otherwise dispose of all or any part of the Lease, but reserve the right to do so as permitted by the Lease on a basis of full disclosure to any subsequent holder of the Lease and subject to compliance with applicable securities laws and regulations thereunder. The disposition of the Lessor's property in compliance with applicable law and the Lease, of course, shall at all times remain within its control subject to the provisions of the Lease.

9. On the date hereof, the Lessor is purchasing the Lease for the amount of \$1,348,260. The Lessor is not acting as an Underwriter with respect to the Lease. The Lessor has no present intention to sell, reoffer, or otherwise dispose of the Lease (or any portion of the Lease or any interest in the Lease). The Lessor has not contracted with any person pursuant to a written agreement to have such person participate in the initial sale of the Lease, and the Lessor has not agreed with the Lessee pursuant to a written agreement to sell the Lease to persons other than the Lessor or a Related Party to the Lessor.

Defined Terms.

(i) The term "Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to an Underwriter.

(ii) The term "Related Party" means any two or more persons who have a greater than 50 percent common ownership, directly or indirectly.

(iii) The term "Underwriter" means (A) any person that agrees pursuant to a written contract with the Lessee (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Lease to the Public, and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) of this paragraph to participate in the initial sale of the Lease to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Lease to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Lessor's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Lessee with respect to certain of the representations set forth in the Tax Compliance Agreement dated as of the date hereof between the Lessee and UMB Bank, N.A., as escrow agent, relating to the Lease and with respect to compliance with the federal income tax rules affecting the Lease, and by Gilmore & Bell, P.C., Special Tax Counsel, in rendering its opinion relating to the exclusion from federal gross income of the interest portion of lease payments paid under the Lease and in preparing any informational return required to be filed with the Internal Revenue Service in connection with the execution and delivery of the Lease.

"Rosenberg's Rules of Order"

(Simple Rules of Parliamentary Procedure for the 21st Century)

Introduction

The rules of procedure at meetings should be simple enough for most people to understand. Unfortunately, that has not always been the case. Virtually all clubs, associations, boards, councils and bodies follow a set of rules - "Robert's Rules of Order" - which are embodied in a small, but complex, book. Virtually no one I know has actually read this book cover to cover. Worse yet, the book was written for another time, and for another purpose. If one is chairing or running a Parliament, then "Robert's Rules of Order" is a dandy and quite useful handbook for procedure in that complex setting. On the other hand, if one is running a meeting of, say, a 5-member body with a few members of the public in attendance, a simplified version of the rules of parliamentary procedure is in order.

Hence, the birth of "Rosenberg's Rules of Order."

What follows is my version of the rules of parliamentary procedure, based on my 20 years of experience chairing meetings in state and local government. These rules have been simplified for the smaller bodies we chair or in which we participate, slimmed down for the 21st Century, yet retaining the basic tenets of order to which we have grown accustomed.

This treatise on modern parliamentary procedure is built on a foundation supported by the following four pillars: (1) Rules should establish order. The first purpose of rules of parliamentary procedure is to establish a framework for the orderly conduct of meetings. (2) Rules should be clear. Simple rules lead to wider understanding and participation. Complex rules create two classes: those who understand and participate; and those who do not fully understand and do not fully participate. (3) Rules should be user friendly. That is, the rules must be simple enough that the public is invited into the body and feels that it has participated in the process. (4) Rules should enforce the will of the majority while protecting the rights of the minority. The ultimate purpose of rules of procedure is to encourage discussion and to facilitate decision-making by the body. In a democracy, majority rules. The rules must enable the majority to express itself and fashion a result, while permitting the minority to also express itself, but not dominate, and fully participate in the process.

The Role of the Chair

While all members of the body should know and understand the rules of parliamentary procedure, it is the Chair of the body who is charged with applying the rules in the conduct of the meeting. The Chair should be well versed in those rules. The Chair, for all intents and purposes, makes the final ruling on the rules every time the Chair states an action. In fact, all decisions by the Chair are final unless overruled by the body itself.

Since the Chair runs the conduct of the meeting, it is usual courtesy for the Chair to play a less active role in the debate and discussion than other members of the body. This does not mean that the Chair should not participate in the debate or discussion. To the contrary, the Chair as a member of the body has the full right to participate in the debate, discussion and decision-making of the body. What the Chair should do, however, is strive to be the last to speak at the discussion and debate stage, and the Chair should not make or second a motion unless the Chair is convinced that no other member of the body will do so at that point in time.

The Basic Format for an Agenda Item Discussion

Formal meetings normally have a written, often published agenda. Informal meetings may have only an oral or understood agenda. In either case, the meeting is governed by the agenda and the agenda constitutes the body's agreed-upon roadmap for the meeting. And each agenda item can be handled by the Chair in the following basic format:

First, the Chair should clearly announce the agenda item number and should clearly state what the agenda item subject is. The Chair should then announce the format (which follows) that will be followed in considering the agenda item.

Second, following that agenda format, the Chair should invite the appropriate person or persons to report on the item, including any recommendation that they might have. The appropriate person or persons may be the Chair, a member of the body, a staff person, or a committee chair charged with providing input on the agenda item.

Third, the Chair should ask members of the body if they have any technical questions of clarification. At this point, members of the body may ask clarifying questions to the person or persons who reported on the item, and that person or persons should be given time to respond.

Fourth, the Chair should invite public comments, or if appropriate at a formal meeting, should open the public meeting for public input. If numerous members of the public indicate a desire to speak to the subject, the Chair may limit the time of public speakers. At the conclusion of the public comments, the Chair should announce that public input has concluded (or the public hearing as the case may be is closed).

Fifth, the Chair should invite a motion. The Chair should announce the name of the member of the body who makes the motion.

Sixth, the Chair should determine if any member of the body wishes to second the motion. The Chair should announce the name of the member of the body who seconds the motion. (It is normally good practice for a motion to require a second before proceeding with it, to ensure that it is not just one member of the body who is interested in a particular approach. However, a second is not an absolute requirement, and the Chair can proceed with consideration and vote on a motion even when there is no second. This is a matter left to the discretion of the Chair.)

Seventh, if the motion is made and seconded, the Chair should make sure everyone understands the motion. This is done in one of three ways: (1) The Chair can ask the maker of the motion to repeat it. (2) The Chair can repeat the motion. (3) The Chair can ask the secretary or the clerk of the body to repeat the motion.

Eighth, the Chair should now invite discussion of the motion by the body. If there is no desired discussion, or after the discussion has ended, the Chair should announce that the body will vote on the motion. If there has been no discussion or very brief discussion, then the vote on the motion should proceed immediately and there is no need to repeat the motion. If there has been substantial discussion, then it is normally best to make sure everyone understands the motion by repeating it.

Ninth, the Chair takes a vote. Simply asking for the "ayes", and then asking for the "nays" normally does this. If members of the body do not vote, then they "abstain". Unless the rules of the body provide otherwise (or unless a super-majority is required as delineated later in these rules) then a simple majority determines whether the motion passes or is defeated.

Tenth, the Chair should announce the result of the vote and should announce what action (if any) the body has taken. In announcing the result, the Chair should indicate the names of the members of the body, if any, who voted in the minority on the motion. This announcement might take the following form: "The motion passes by a vote of 3-2, with Smith and Jones dissenting. We have passed the motion requiring 10 days notice for all future meetings of this body."

Motions in General

Motions are the vehicles for decision-making by a body. It is usually best to have a motion before the body prior to commencing discussion of an agenda item. This helps the body focus.

Motions are made in a simple two-step process. First, the Chair should recognize the member of the body. Second, the member of the body makes a motion by preceding the member's desired approach with the words: "I move" So, a typical motion might be: "I move that we give 10-day's notice in the future for all our meetings."

The Chair usually initiates the motion by either (1) Inviting the members of the body to make a motion. "A motion at this time would be in order." (2) Suggesting a motion to the members of the body. "A motion would be in order that we give 10-day's notice in the future for all our meetings." (3) Making the motion. As noted, the Chair has every right as a member of the body to make a motion, but should normally do so only if the Chair wishes to make a motion on an item but is convinced that no other member of the body is willing to step forward to do so at a particular time.

The Three Basic Motions

There are three motions that are the most common and recur often at meetings:

The basic motion. The basic motion is the one that puts forward a decision for the body's consideration. A basic motion might be: "I move that we create a 5-member committee to plan and put on our annual fundraiser."

The motion to amend. If a member wants to change a basic motion that is before the body, they would move to amend it. A motion to amend might be: "I move that we amend the motion to have a 10-member committee." A motion to amend takes the basic motion which is before the body and seeks to change it in some way.

The substitute motion. If a member wants to completely do away with the basic motion that is before the body, and put a new motion before the body, they would move a substitute motion. A substitute motion might be: "I move a substitute motion that we cancel the annual fundraiser this year."

"Motions to amend" and "substitute motions" are often confused. But they are quite different, and their effect (if passed) is quite different. A motion to amend seeks to retain the basic motion on the floor, but modify it in some way. A substitute motion seeks to throw out the basic motion on the floor, and substitute a new and different motion for it. The decision as to whether a motion is really a "motion to amend" or a "substitute motion" is left to the chair. So that if a member makes what that member calls a "motion to amend", but the Chair determines that it is really a "substitute motion", then the Chair's designation governs.

Multiple Motions Before the Body

There can be up to three motions on the floor at the same time. The Chair can reject a fourth motion until the Chair has dealt with the three that are on the floor and has resolved them.

When there are two or three motions on the floor (after motions and seconds) at the same time, the vote should proceed first on the last motion that is made. So, for example, assume the first motion is a basic "motion to have a 5-member committee to plan and put on our annual fundraiser." During the discussion of this motion, a member might make a second motion to "amend the main motion to have a 10-member committee, not a 5-member committee to plan and put

on our annual fundraiser." And perhaps, during that discussion, a member makes yet a third motion as a "substitute motion that we not have an annual fundraiser this year." The proper procedure would be as follows:

First, the Chair would deal with the third (the last) motion on the floor, the substitute motion. After discussion and debate, a vote would be taken first on the third motion. If the substitute motion passed, it would be a substitute for the basic motion and would eliminate it. The first motion would be moot, as would the second motion (which sought to amend the first motion), and the action on the agenda item would be completed on the passage by the body of the third motion (the substitute motion). No vote would be taken on the first or second motions. On the other hand, if the substitute motion (the third motion) failed then the Chair would proceed to consideration of the second (now, the last) motion on the floor, the motion to amend.

Second, if the substitute motion failed, the Chair would now deal with the second (now, the last) motion on the floor, the motion to amend. The discussion and debate would focus strictly on the amendment (should the committee be 5 members or 10 members). If the motion to amend passed the Chair would now move to consider the main motion (the first motion) as amended. If the motion to amend failed the Chair would now move to consider the main motion (the first motion) in its original format, not amended.

Third, the Chair would now deal with the first motion that was placed on the floor. The original motion would either be in its original format (5-member committee), or, if amended, would be in its amended format (10-member committee). And the question on the floor for discussion and decision would be whether a committee should plan and put on the annual fundraiser.

To Debate or Not to Debate

The basic rule of motions is that they are subject to discussion and debate. Accordingly, basic motions, motions to amend, and substitute motions are all eligible, each in their turn, for full discussion before and by the body. The debate can continue as long as members of the body wish to discuss an item, subject to the decision of the Chair that it is time to move on and take action.

There are exceptions to the general rule of free and open debate on motions. The exceptions all apply when there is a desire of the body to move on. The following motions are not debatable (that is, when the following motions are made and seconded, the Chair must immediately call for a vote of the body without debate on the motion):

A motion to adjourn. This motion, if passed, requires the body to immediately adjourn to its next regularly scheduled meeting. It requires a simple majority vote.

A motion to recess. This motion, if passed, requires the body to immediately take a recess. Normally, the Chair determines the length of the recess which may be a few minutes or an hour. It requires a simple majority vote.

A motion to fix the time to adjourn. This motion, if passed, requires the body to adjourn the meeting at the specific time set in the motion. For example, the motion might be: "I move we adjourn this meeting at midnight." It requires a simple majority vote.

A motion to table. This motion, if passed, requires discussion of the agenda item to be halted and the agenda item to be placed on "hold". The motion can contain a specific time in which the item can come back to the body: "I move we table this item until our regular meeting in October." Or the motion can contain no specific time for the return of the item, in which case a motion to take the item off the table and bring it back to the body will have to be taken at a future meeting. A motion to table an item (or to bring it back to the body) requires a simple majority vote.

A motion to limit debate. The most common form of this motion is to say: "I move the previous question" or "I move the question" or "I call the question." When a member of the body makes such a motion, the member is really saying: "I've had enough debate. Let's get on with the vote". When such a motion is made, the Chair should ask for a second, stop debate, and vote on the motion to limit debate. The motion to limit debate requires a 2/3 vote of the body. Note: that a motion to limit debate could include a time limit. For example: "I move we limit debate on this agenda item to 15 minutes." Even in this format, the motion to limit debate requires a 2/3 vote of the body. A similar motion is a **motion to object to consideration of an item.** This motion is not debatable, and if passed, precludes the body from even considering an item on the agenda. It also requires a 2/3 vote.

Majority and Super-Majority Votes

In a democracy, a simple majority vote determines a question. A tie vote means the motion fails. So in a 7-member body, a vote of 4-3 passes the motion. A vote of 3-3 with one abstention means the motion fails. If one member is absent and the vote is 3-3, the motion still fails.

All motions require a simple majority, but there are a few exceptions. The exceptions come up when the body is taking an action which, effectively, cuts off the ability of a minority of the body to take an action or discuss an item. These extraordinary motions require a 2/3 majority (a super-majority) to pass:

Motion to limit debate. Whether a member says "I move the previous question" or "I move the question" or "I call the question" or "I move to limit debate", it all amounts to an attempt to cut off the ability of the minority to discuss an item, and it requires a 2/3 vote to pass.

Motion to close nominations. When choosing officers of the body (like the Chair) nominations are in order either from a nominating committee or from the floor of the body. A motion to close nominations effectively cuts off the right of the minority to nominate officers, and it requires a 2/3 vote to pass.

Motion to object to the consideration of a question. Normally, such a motion is unnecessary since the objectionable item can be tabled, or defeated straight up. However, when members of a body do not even want an item on the agenda to be considered, then such a motion is in order. It is not debatable, and it requires a 2/3 vote to pass.

Motion to suspend the rules. This motion is debatable, but requires a 2/3 vote to pass. If the body has its own rules of order, conduct or procedure, this motion allows the body to suspend the rules for a particular purpose. For example, the body (a private club) might have a rule prohibiting the attendance at meetings by non-club members. A motion to suspend the rules would be in order to allow a non-club member to attend a meeting of the club on a particular date or on a particular agenda item.

The Motion to Reconsider

There is a special and unique motion that requires a bit of explanation all by itself: the motion to reconsider. A tenet of parliamentary procedure is finality. After vigorous discussion, debate, perhaps disagreement and a vote, there must be some closure to the issue. And so, after a vote is taken, the matter is deemed closed, subject only to a re-opener if a proper motion to reconsider is made.

A motion to reconsider requires a majority vote to pass, but there are two special rules that apply only to the motion to reconsider. First, is timing. A motion to reconsider must be made at the meeting where the item was first voted upon or at the very next meeting of the body. A motion to reconsider made at a later time is untimely. (The body, however, can always vote to suspend the rules and by a 2/3 majority, can allow a motion to reconsider to be made at another time.) Second, a motion to reconsider can only be made by certain members of the body. Accordingly, a motion to reconsider can only be made by a member who voted in the majority on the original motion. If such a member has a change of heart, he or she can make the motion to reconsider (any other member of the body may second the motion). If a member who voted in the minority seeks to make the motion to reconsider, it must be ruled out of order. The purpose of this rule is finality. If a member of the minority could make a motion to reconsider, then the item could be brought back to the body again and again. That would defeat the purpose of finality.

If the motion to reconsider passes, then the original matter is back before the body, and a new original motion is then in order. The matter can be discussed and debated as if it were on the floor for the first time.

Courtesy and Decorum

The rules of order are meant to create an atmosphere where the members of the body and the members of the public can attend to business efficiently, fairly and with full participation. At the same time, it is up to the Chair and the members of the body to maintain common courtesy and decorum. Unless the setting is very informal, it is always best for only one person at a time to have the floor, and it is always best for every speaker to be first recognized by the Chair before proceeding to speak.

The Chair should always ensure that debate and discussion of an agenda item focuses on the item and the policy in question, not the personalities of the members of the body. Debate on policy is healthy, debate on personalities is not. The Chair has the right to cut off discussion that is too personal, is too loud, or is too crude.

Debate and discussion should be focused, but free and open. In the interest of time, the Chair may, however, limit the time allotted to speakers, including members of the body.

Can a member of the body interrupt the speaker? The general rule is "no." There are, however, exceptions. A speaker may be interrupted for the following reasons:

Privilege. The proper interruption would be: "point of privilege." The Chair would then ask the interrupter to "state your point." Appropriate points of privilege relate to anything that would interfere with the normal comfort of the meeting. For example, the room may be too hot or too cold, or a blowing fan might interfere with a person's ability to hear.

Order. The proper interruption would be: "point of order." Again, the Chair would ask the interrupter to "state your point." Appropriate points of order relate to anything that would not be considered appropriate conduct of the meeting. For example, if the Chair moved on to a vote on a motion that permits debate without allowing that discussion or debate.

Appeal. If the Chair makes a ruling that a member of the body disagrees with, that member may appeal the ruling of the chair. If the motion is seconded, and after debate, if it passes by a simple majority vote, then the ruling of the Chair is deemed reversed.

Call for orders of the day. This is simply another way of saying, "Let's return to the agenda." If a member believes that the body has drifted from the agreed-upon agenda, such a call may be made. It does not require a vote, and when the Chair discovers that the agenda has not been followed, the Chair simply reminds the body to return to the agenda item properly before them. If the Chair fails to do so, the Chair's determination may be appealed.

Withdraw a motion. During debate and discussion of a motion, the maker of the motion on the floor, at any time, may interrupt a speaker to withdraw his or her motion from the floor. The motion is immediately deemed withdrawn, although the Chair may ask the person who seconded the motion if he or she wishes to make the motion, and any other member may make the motion if properly recognized.

Special Notes About Public Input

The rules outlined above will help make meetings very public-friendly. But in addition, and particularly for the Chair, it is wise to remember three special rules that apply to each agenda item:

Rule One: Tell the public what the body will be doing.

Rule Two: Keep the public informed while the body is doing it.

Rule Three: When the body has acted, tell the public what the body did.
