Draft Copy of Minutes Subject to Approval at the Next Meeting

Planning, Zoning, and Historic Preservation Commission
Meeting 01 June 2020

The Planning, Zoning, and Historic Preservation Commission consists of eleven members: Chairman Harry Rogers, Vice Chairman Abi Almandinger, Bill Barksdale, Jim Swatsenbarg, Levi Utter, and Mark Elliff. Non-Voting Members include Mayor Dan Rife, City Administrator Tom Short and Council Member Liaison Ed Barlow. Staff includes Public Works Director Zeb Carney. There is currently one vacancy on the board.

Commission Members Present: Harry Rogers, Abi Almandinger, Jim Swatsenbarg, Zeb Carney, Mark Elliff, Tom Short, Ed Barlow, and Bill Barksdale.

Also, present Julie Tilley, Heather Stark, Steve Stark, Ed Grundy, and Sabrina Lynch

A quorum was present.

Chairman Harry Rogers called the meeting to order at 5:30 p.m.

First order of business involved the minutes of the May 4, 2020 meeting. Minutes were available for review in the packet prior to the meeting. Abi Almandinger made a motion to accept the minutes as presented. Mark Elliff gave a second to that motion. Motion passed on a voice vote.

Second order of business was a request for a Certificate of Appropriateness for the placement of an exterior sign at 820 Howard Street. After discussion concerning the sign placement as well as a question concerning the need for the number of signs that can be located on a parcel, Abi Almandinger makes a motion to deny the request. That motion dies because of a lack of a second to the motion. Jim Swatsenbarg makes a motion to table the request until the July meeting so that exact placement and authorization to locate a daycare in the church is in place. Bill Barksdale seconds the motion and on a voice vote, the motion passes.

Third order of business was a request for a Certificate of Appropriateness for the placement of exterior signage at 119 East Third Street. The material and lighting were explained to the committee by Mr. Grundy. Mark Elliff made a motion to approve the Certificate of Appropriateness. Jim Swatsenbarg seconded that motion. It passed on a voice vote.

The fourth order of business was a request for a Certificate of Appropriateness for renovation and construction at 1123 Grand by Nathan Terry. Prior to the meeting, Mr. Terry requested to be removed from the agenda.

The fifth order of business was a request for a Special Use Permit to operate a daycare at 1701 S. Main by Heather Stark. Abi Almandinger made a motion to grant the Special Use Permit. The motion was given a second by Jim Swatsenbarg. On a voice vote, the motion passes.

There were no further items on the agenda.

Abi Almandinger requested that council liaison Ed Barlow take the committee's concerns over the current code and whether parts need to be changed due to some previous exceptions to the code to the City Council for review.

Abi Almandinger made a motion to adjourn. Jim Swatsenbarg seconded that motion. Motion passed and meeting adjourned.

Respectfully submitted,
Bill Barksdale

SPECIAL USE PERMIT PETITION

You must provide all requested information on the application. Blanks may delay processing of your petition. (write 'n/a' if information is not applicable to proposal).

Date: June 2 2020

Filing Fee: \$100.00

pd. 6/03/20
CK # 1442
MN.

Type of Special Use: (be as specific as possible and cite Zoning Ordinance provision listing use as permitted special use)

Preschool to be located in existing education building

SPECIAL USE PERMIT PETITION

STATEMENT OF JUSTIFICATION

For each of the five criteria listed below, provide a statement that explains how any existing conditions, proposed development features, or other relevant facts would allow the Planning, Zoning and Historic Preservation Commission to reach a recommendation, and attach any additional documents or materials that provide supporting factual evidence. The considerations listed under each required criteria are simply suggestions. Applicant should address any additional considerations potentially raised by the proposed development.

Important: Applicant bears the burden of presenting sufficient factual evidence to support findings of fact that allow the Commission to reasonably reach a recommendation. If the applicant fails to meet that burden, the Commission has no choice but to recommend denying the petition.

1. The proposed development will not materially endanger the public health or safety.

Considerations:

- Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersection and curb cuts.
- Provision of services and utilities, including sewer, water, electrical, garbage collection, and fire protection.
- Soil erosion and sedimentation.
- Protection of public, community, or private water supplies, including possible adverse effects on surface waters or groundwater

2. The proposed development will comply with all regulations and standards generally applicable within the zoning district and specifically applicable to the particular type of special use or class of special uses.

3. The proposed development will not substantially injure the value of adjoining property, or is a public necessity.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.
- Whether the proposed development is so necessary to the public health, safety, and general welfare of the community as a whole as to justify it regardless of its impact on the value of adjoining property.

4. The proposed development will be in harmony with the area in which it is located.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

5. The proposed development will be consistent with the City's Comprehensive Plan.

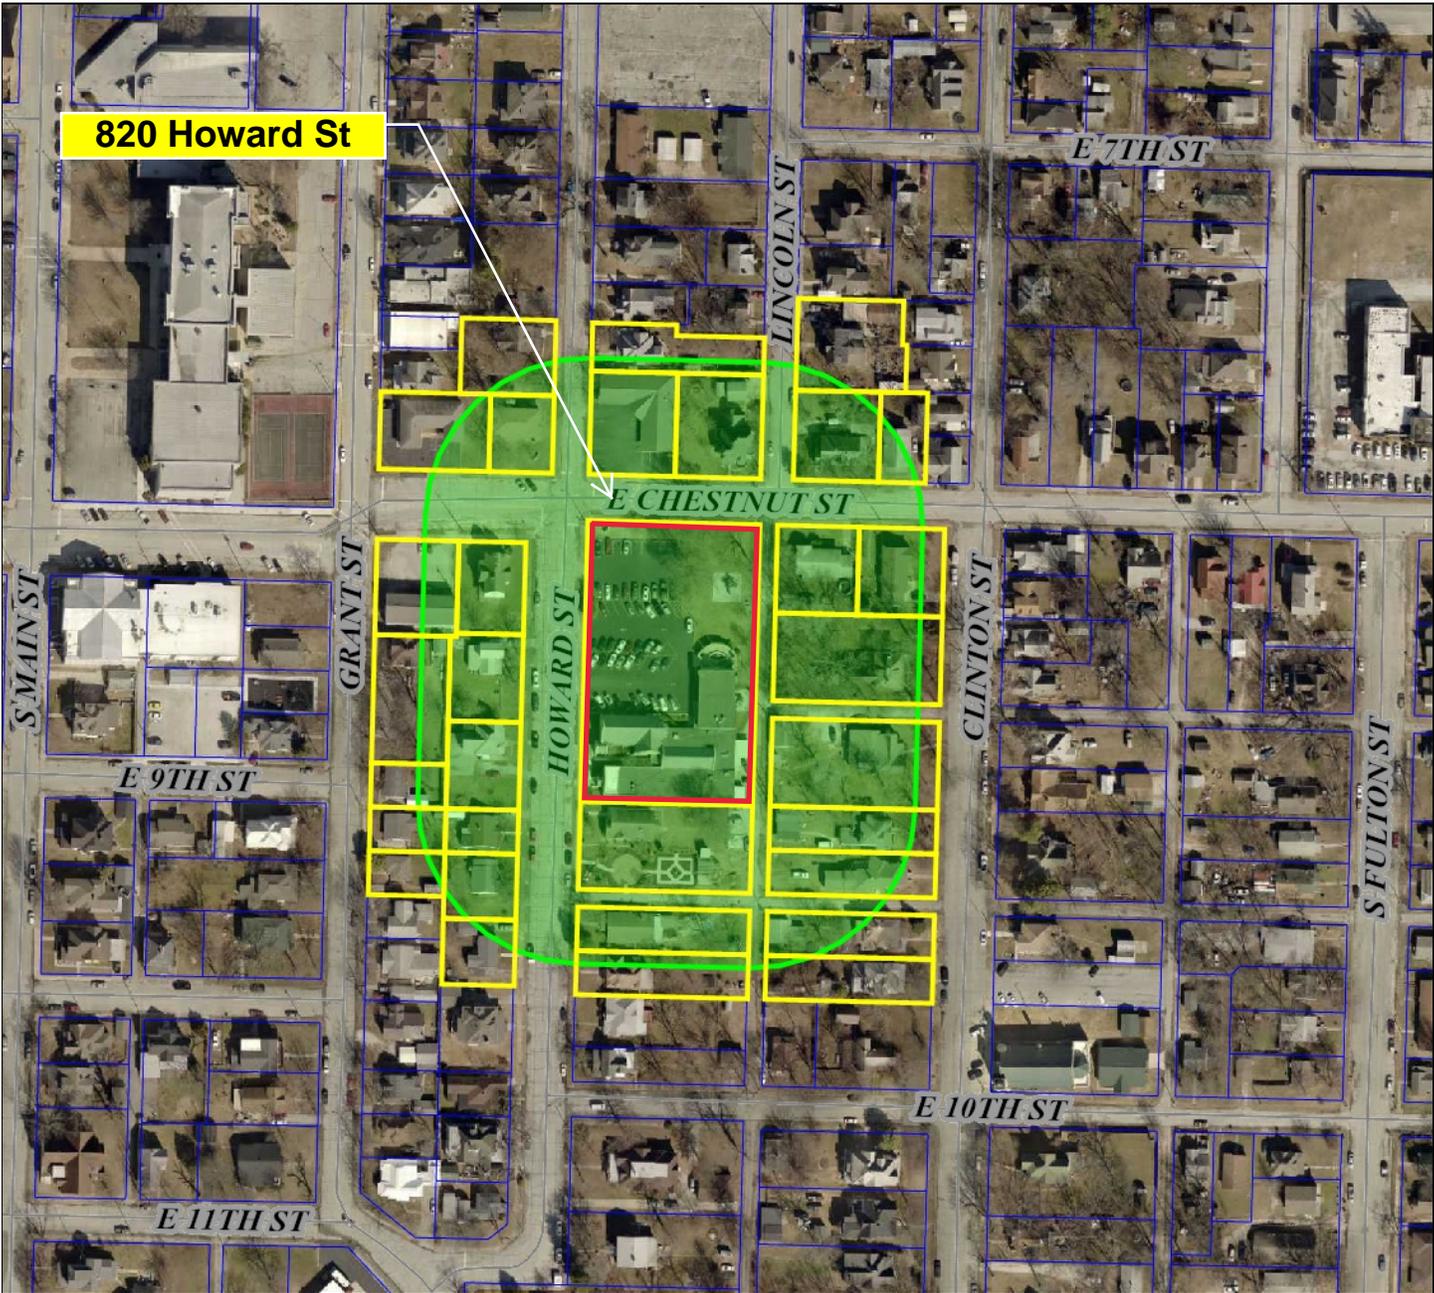

Considerations:

- Consistency with the Plan's objectives for the various planning areas, its definitions of the various land use classifications and activity centers, and its locational standards.

CERTIFICATE OF APPROPRIATENESS REVIEW PROCESS

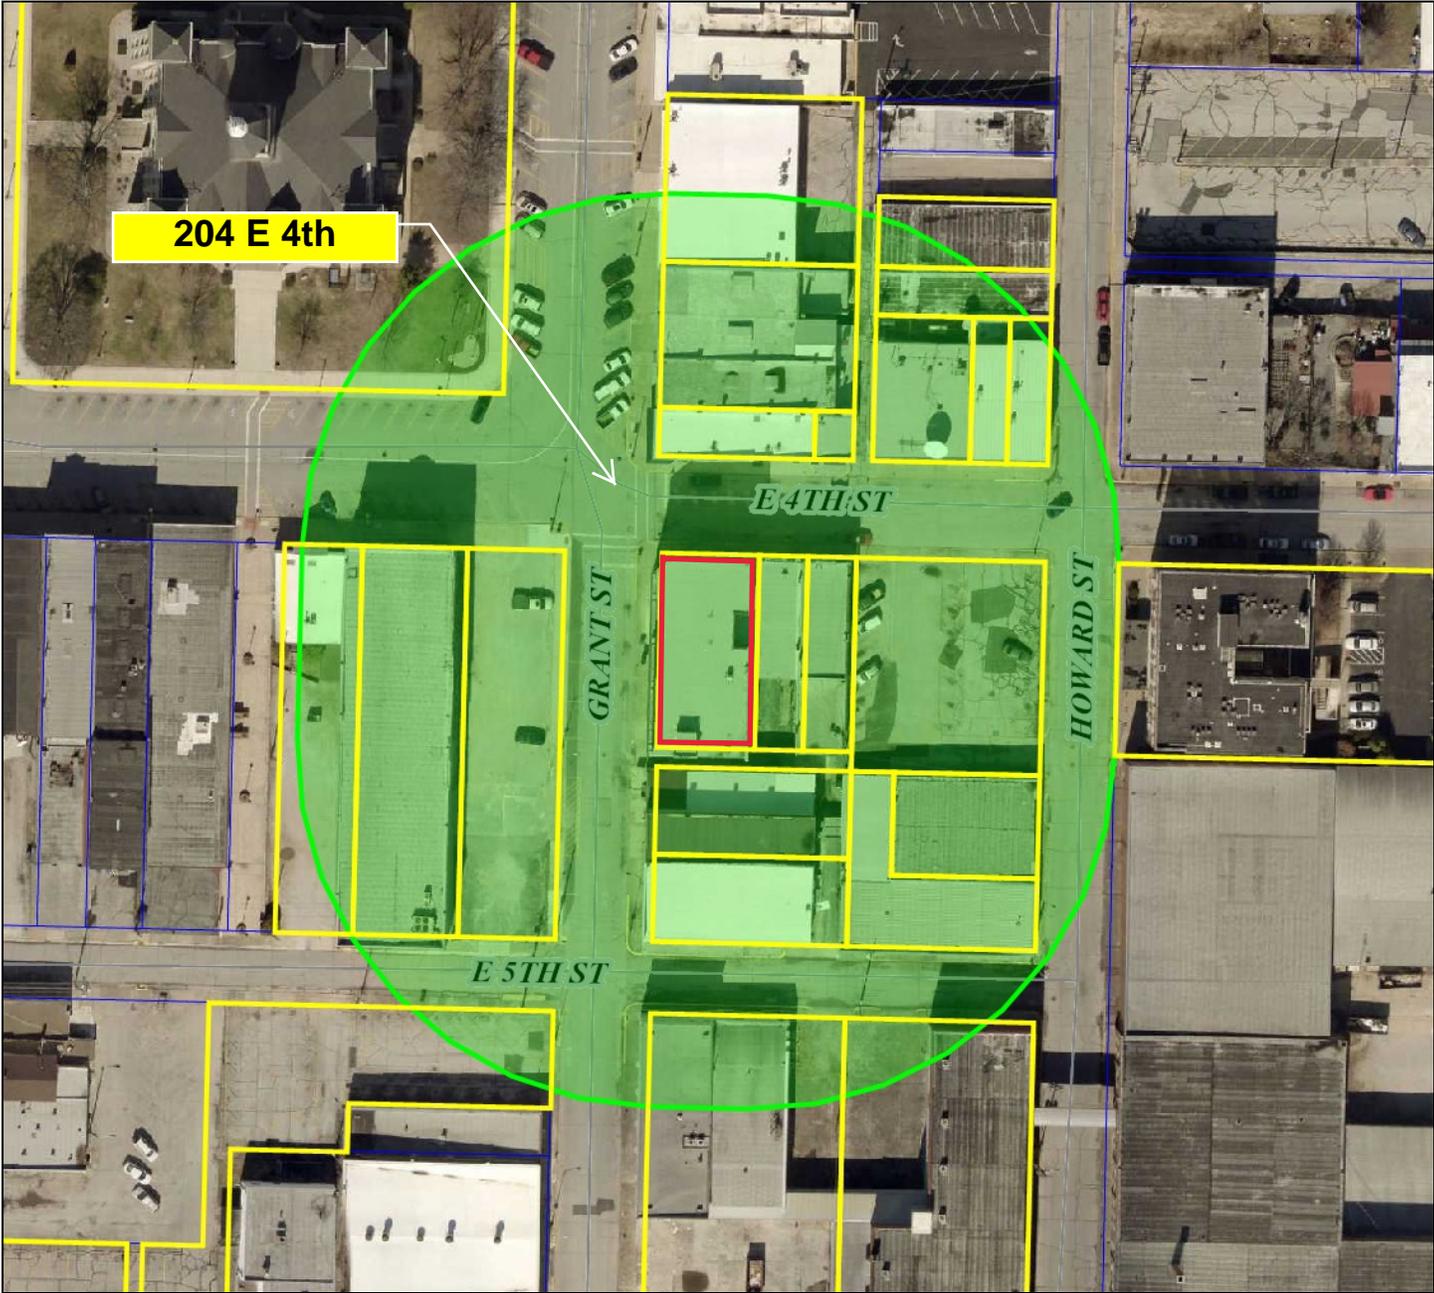

Certificates of Appropriateness are issued to owners of property located in the Historical District who are requesting to either make certain repairs to structures, additions to structures, additions to property, or to demolish a structure within the district. The Carthage City Code lists work that may be done by any person without constraint. (See Sec. 17-56(a)).

It is strongly recommended that any person considering a project in the Historical District should first contact the Public Works Department staff, who will explain the Certificate of Appropriateness Review Process, applicable requirements and standards, potential issues, and provide the necessary forms.

Review for Certificate of Appropriateness occurs in accordance with defined cycles that accommodate comprehensive review by the City, a public hearing and review by the Planning, Zoning and Historic Preservation Commission, and public notice of hearing.

- Request a Certificate of Appropriateness Application from the Public Works Department
- Applicant completes the application and returns it to the Public Works Department
- Public Works Department staff reviews the application and directs any concerns to the applicant
- The request is placed on the next Planning, Zoning and Historic Preservation Commission agenda
- The Public Works Department notifies property owners within 185' of property requesting the Certificate of Appropriateness of the public hearing
- Applicant is notified of hearing date
- City Clerk posts agenda no less than 24 hours prior to meeting
- Planning, Zoning and Historic Preservation Commission conducts hearing and votes regarding approval or denial of request
- City Clerk issues a Certificate of Appropriateness letter noting the ruling of the Planning, Zoning and Preservation Commission to the applicant/owner
