

CITY OF CARTHAGE

Planning, Zoning, and Historic
Preservation Commission

AGENDA

Date of Meeting: 5/4/2020

Place: ****Meeting By Video
Conference****

Time: 5:30 pm

In response to the Coronavirus pandemic and pursuant to the Declaration of Emergency within the City of Carthage, this meeting will be held by On-line video conference. If you would like to listen to the meeting please call by telephone (312) 626-6799 prior to the start of the meeting. You will need to enter the ID# 896 4482 1760 with a password of 602137. For questions, contact the Public Works Department, at (417) 237-7010 or by email: pwd@carthagemo.gov

CITIZEN'S PARTICIPATION / PUBLIC HEARING

Due to the threat of COVID-19 infection, Citizens wishing to address the Committee should notify the Public Works Department in advance and provide the item they wish to address in written format by filling out the PZ Participation form at least 24 hours prior to the meeting to pwd@carthagemo.gov. Residents who do not have internet service may call the Public Works Department at (417) 237-7010.

To Consider the following items:

- 1. Requested by:** Larry Wisdom Sr / Wisdom Investments LLC **Request type:** Annexation
Project Location: E Airport Drive **Reason for Hearing:** Request is for Annexation of 29.4 acres located
Parcel ID: 14601400000011000 on E Airport Drive
- 2. Requested by:** Jake Vaughn / Vaughn Company, Inc **Request type:** Annexation
Project Location: 3012 S Chapel Rd **Reason for Hearing:** Request is for Annexation of 19.55 acres
located at 3012 S Chapel Rd
- 3. Requested by:** Jake Vaughn / Vaughn Company, Inc **Request type:** Preliminary Plat
Project Location: 3012 S Chapel Rd **Reason for Hearing:** Preliminary Plat for Proposed Single Family
Subdivision

Draft Copy of Minutes Subject to Approval at the Next Meeting

Planning, Zoning, and Historic Preservation Commission
Meeting 06 January 2020

The Planning, Zoning, and Historic Preservation Commission consists of eleven members: Chairman Harry Rogers, Vice Chairman Abi Almandinger, Bill Barksdale, Jim Swatsenbarg, Levi Utter, and Mark Elliff. Non-Voting Members include Mayor Dan Rife, City Administrator Tom Short and Council Member Liaison Ed Barlow. Staff includes Public Works Director Zeb Carney. There is currently one vacancy on the board.

Commission Members Present: Harry Rogers, Abi Almandinger, Levi Utter, Jim Swatsenbarg, Zeb Carney, Mark Elliff, Ed Barlow, Tom Short, and Bill Barksdale.

Also, present Julie Tilley, Danny Estrada, and Ebirceo Vasquez.

A quorum was present.

Chairman Harry Rogers called the meeting to order at 5:30 p.m.

First order of business involved the minutes of the December 2019 meeting. Minutes were available for review in the packet prior to the meeting. Abi Almandinger made a motion to accept the minutes as presented. Mark Elliff gave a second to that motion. Motion passed on a voice vote.

Second order of business was a Certificate of Appropriateness for the removal of a porch on the north side of 1003 Lyon and rebuild that area as a bedroom. Discussion centered around the age of the structure, and the roof which was apparently redone in August of 2019 as well as the type of siding (vinyl) that was going to be used. Through the interpreter (Danny Estrada) and with the assistance of Abi Almandinger, several questions were answered including the fact that there would no longer be a door on that side and that two windows, one on each of the replaced outside walls would be used. It was explained that the existing porch would be demolished with concrete footings poured and cinder blocks used to bring the flooring area back to its existing height with new walls enclosing the area to form the bedroom. Questions were raised as to whether a set of blueprints would need to be presented prior to approval of the Certificate. Jim Swatsenbarg made a motion to allow the demolition to take place as well as having footings poured with a cinder block foundation to replace the current foundation and maintain the same outside footprint and the walls to connect to the existing roof line. Levi Utter gave a second. Additional discussion centered on whether we needed a blueprint to proceed and it was determined that the motion as made could be voted on. On a voice vote, motion passed to approve the Certificate of Appropriateness.

There were no further items on the agenda.

Harry Rogers made a motion to adjourn. Mark Elliff seconded that motion. Motion passed and meeting adjourned.

Respectfully submitted,
Bill Barksdale

SPECIAL USE PERMIT PETITION

STATEMENT OF JUSTIFICATION

For each of the five criteria listed below, provide a statement that explains how any existing conditions, proposed development features, or other relevant facts would allow the Planning, Zoning and Historic Preservation Commission to reach a recommendation, and attach any additional documents or materials that provide supporting factual evidence. The considerations listed under each required criteria are simply suggestions. Applicant should address any additional considerations potentially raised by the proposed development.

Important: Applicant bears the burden of presenting sufficient factual evidence to support findings of fact that allow the Commission to reasonably reach a recommendation. If the applicant fails to meet that burden, the Commission has no choice but to recommend denying the petition.

1. The proposed development will not materially endanger the public health or safety.

Considerations:

- Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersection and curb cuts.
- Provision of services and utilities, including sewer, water, electrical, garbage collection, and fire protection.
- Soil erosion and sedimentation.
- Protection of public, community, or private water supplies, including possible adverse effects on surface waters or groundwater.

2. The proposed development will comply with all regulations and standards generally applicable within the zoning district and specifically applicable to the particular type of special use or class of special uses.

3. The proposed development will not substantially injure the value of adjoining property, or is a public necessity.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.
- Whether the proposed development is so necessary to the public health, safety, and general welfare of the community as a whole as to justify it regardless of its impact on the value of adjoining property.

4. The proposed development will be in harmony with the area in which it is located.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

5. The proposed development will be consistent with the City's Comprehensive Plan.

Considerations:

- Consistency with the Plan's objectives for the various planning areas, its definitions of the various land use classifications and activity centers, and its locational standards.

Signature: _____

Date: _____

3/4/2020

Other Information Comments

We are asking to use this location to allow a carnival operation for the 2020 Maple Leaf Festival. Hours of operation will be as follows:

Wed 10/14/2020	5-10 p.m.
Thurs 10/15/2020	5-10 p.m.
Fri 10/16/2020	5-10 p.m.
Sat 10/17/2020	12 noon-10 p.m.

The setup is approximately 200'x300' for rides, games, and concessions and 150'x75' for support vehicles. Again, we are working with the YMCA and Arvest Bank to use their area for the parking of the support vehicles. Tentatively, the company would arrive on Sunday, October 11, 2020; we are requesting that they undergo inspections from Public Safety and Public Works on Monday, setup Monday and Tuesday, operate Wednesday through Saturday, and breakdown/cleanup Sunday morning. Customers can purchase all-access armbands or pay-as-you-go tickets. They provide their own electricity and trash cans, as well as purchase a City business license and obtain all necessary health permits and safety inspections. Their company sets a curfew for all their employees. Their generator is the only equipment that requires ground stakes, and it creates only two small holes according to the carnival owner. This would be placed off site of the paved parking lot. They also provide fencing around all their rides and do their own cleanup. The Chamber would provide water access. Trash service, and portable toilets will also be made available. Pride Amusements, LLC is the same company that has provided the Carnival since 2016 and we have not had any ill effects. Comments received are very favorable.

Statement of justification

1. The proposed development will not materially endanger the public health or safety.

Considerations: Inspections will be done by the Public Safety and Public Works Departments prior to the opening of the carnival for the safety of the participants. Additionally, the carnival company will provide fencing around all their rides.

- Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersection and curb cuts.
- Provision of services and utilities, including sewer, water, electrical, garbage collection, and fire protection.
- Soil erosion and sedimentation.
- Protection of public, community, or private water supplies, including possible adverse effects on surface waters or groundwater

2. The proposed development will comply with all regulations and standards generally applicable within the zoning district and specifically applicable to the particular type of special use or class of special uses.

3. The proposed development will not substantially injure the value of adjoining property or is a public necessity.

Considerations: This is a temporary operation and will not have a lasting impact on the proposed site. The carnival company is required to clean up any trash that may result from an event.

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.
- Whether the proposed development is so necessary to the public health, safety, and general welfare of the community as a whole as to justify it regardless of its impact on the value of adjoining property.

4. The proposed development will be in harmony with the area in which it is located.

Considerations: We believe that this is an appropriate location to have a carnival as this is an area that hosts softball, baseball and soccer games. During this time, the majority of these events will not be occurring.

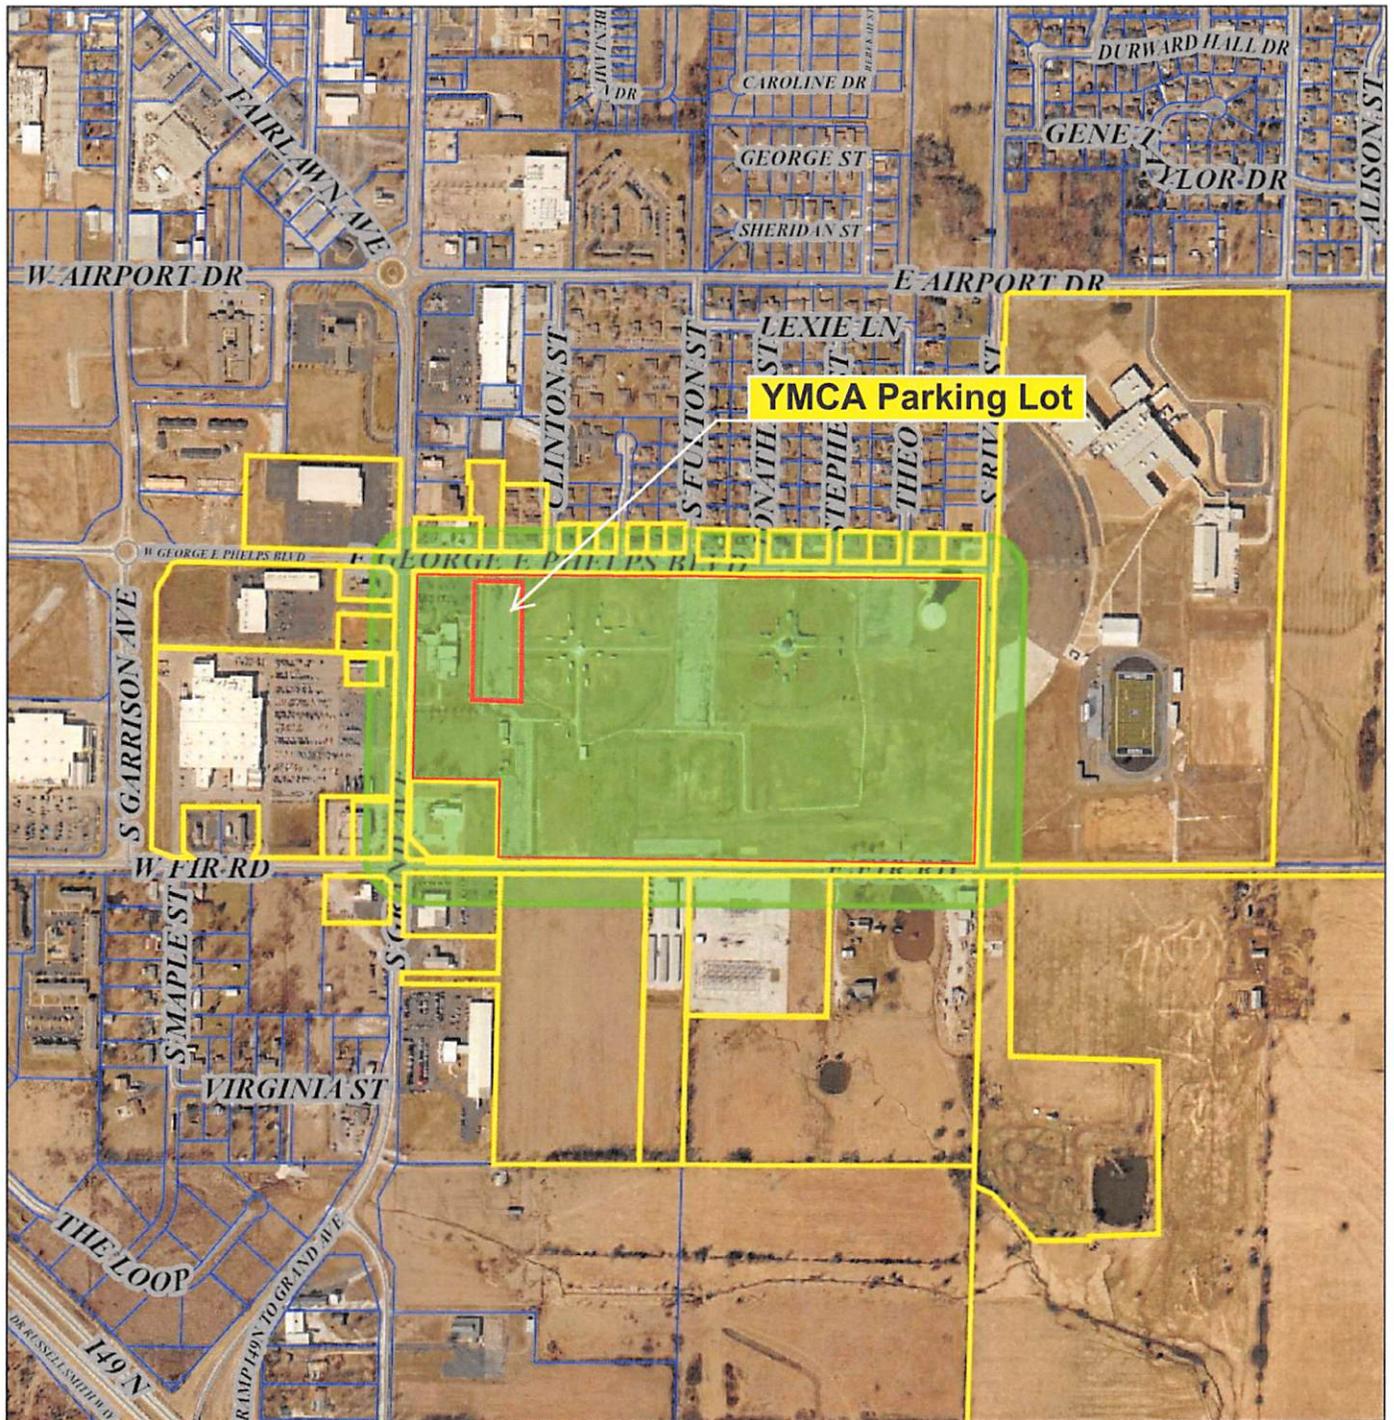

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved.

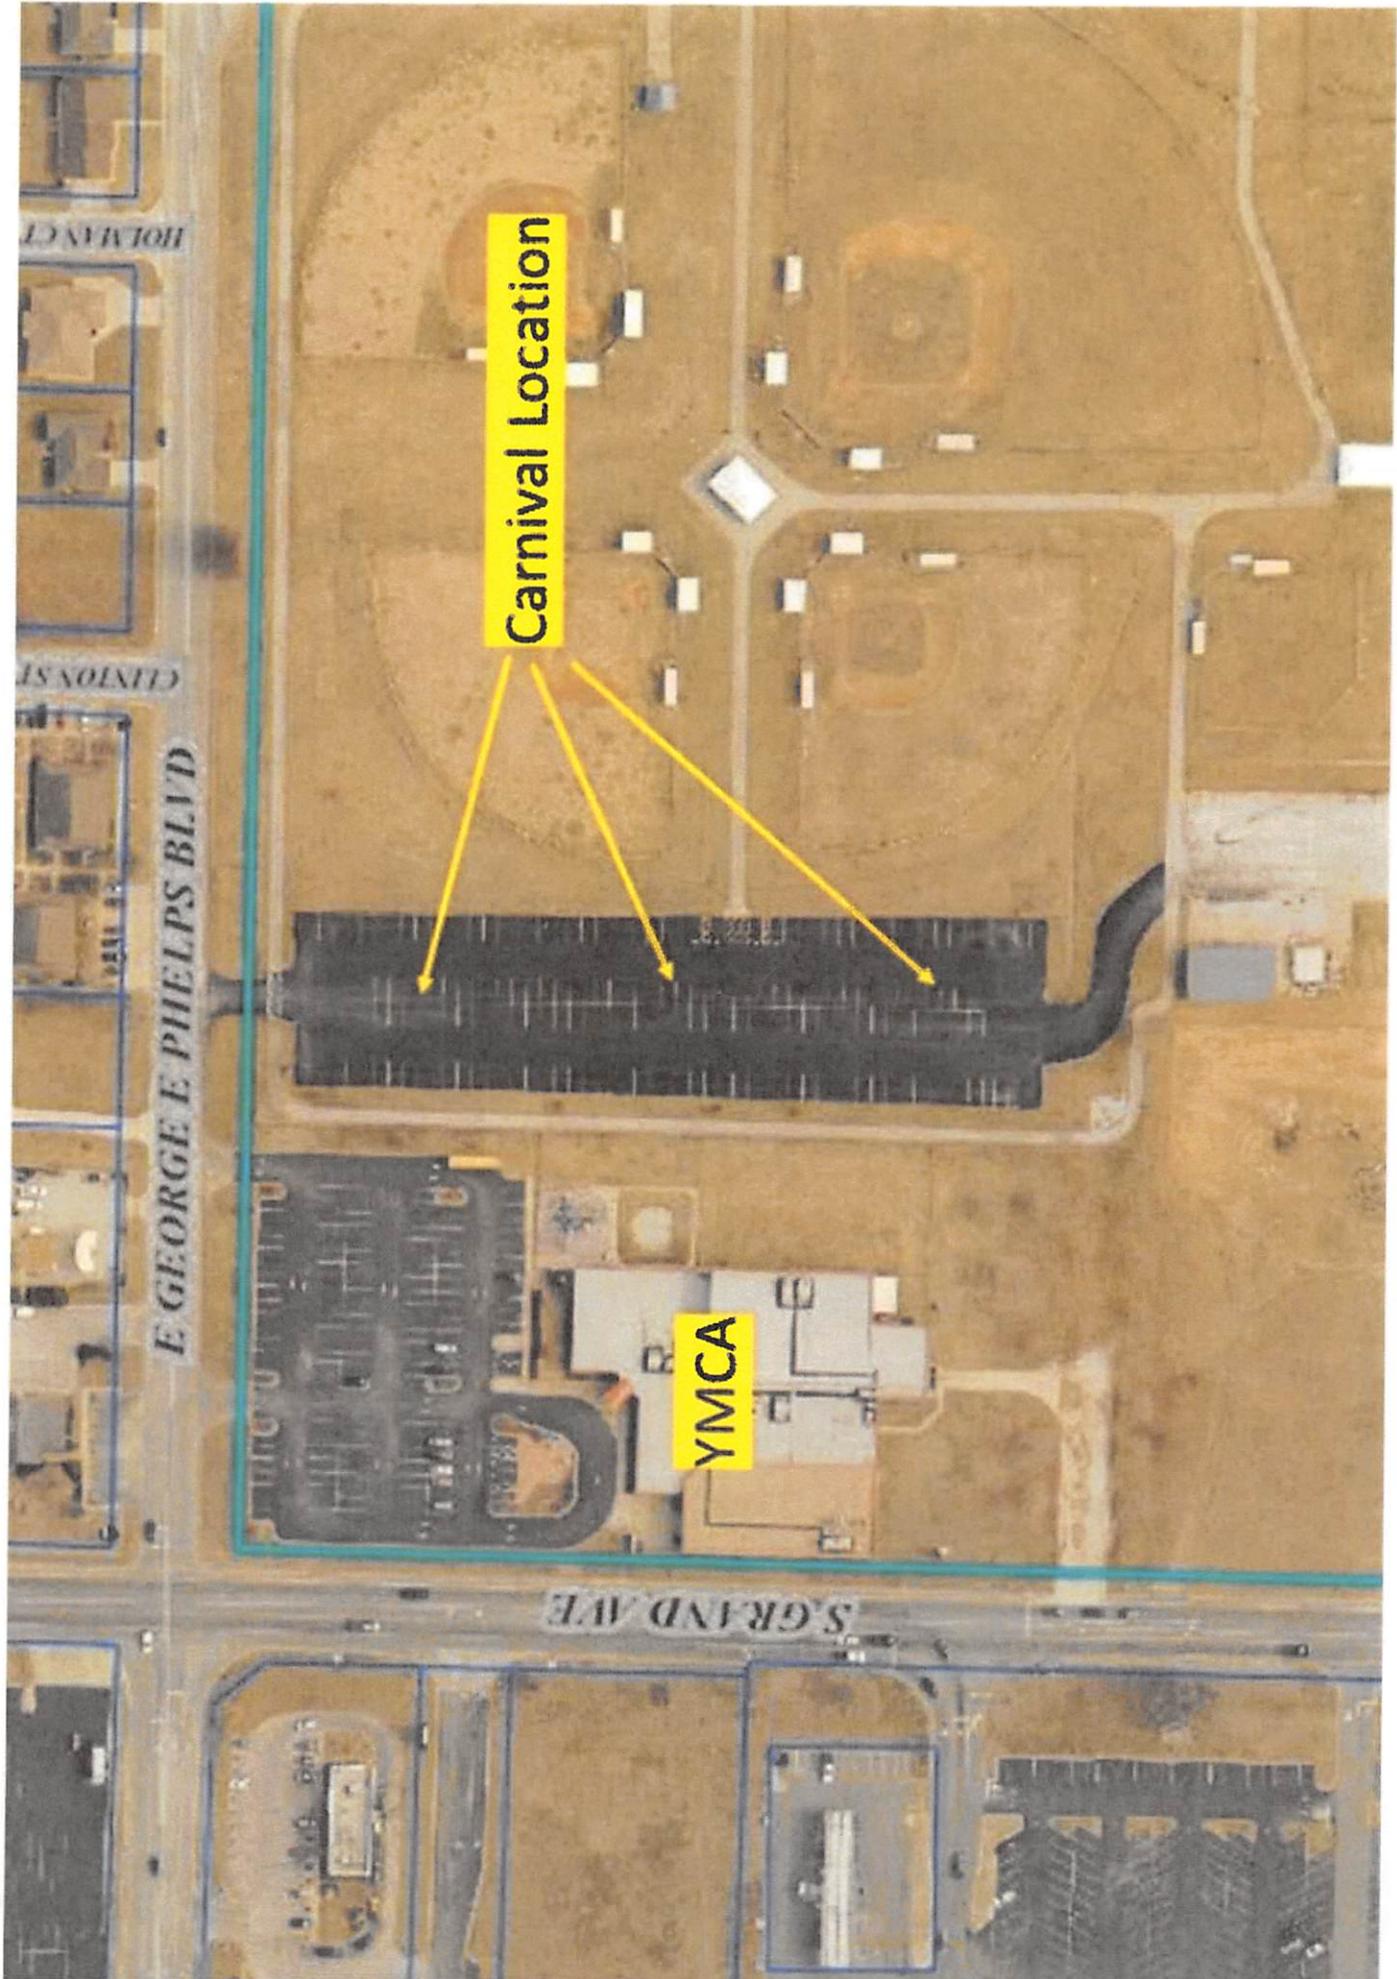

5. The proposed development will be consistent with the City's Comprehensive Plan.

Considerations: This event will provide community goodwill as well as attracting additional sales tax dollars into Carthage.

- Consistency with the Plan's objectives for the various planning areas, its definitions of the various land use classifications and activity centers, and its locational standards.

Applicant: Jeffry Hodkin Relationship to Owner: Purchaser of property

(person to whom all correspondence will be sent)

Address: 2417 Fairlawn Dr Tele: (417) 359-3399

City: Carthage State: Missouri Zip Code: 64836

Email Address: jhodkin@amfam.com Fax: 417-358-1755

Property Location: 800 S Garrison Ave. Carthage Missouri 64836

Legal Description:

14200440031005000
Alternate ID 03-254495-0000
Property Address 800 S GARRISON AVE
Neighborhood C2001CAR

(attach separate sheet if necessary)

Project Description:

I will be buying the property, completely gutting the interior and replacing with office space to be used for my insurance agency. Also, adding a 18'x15' block addition to the north end of existing building with the back wall being flush with existing wall line of east side. Pictures of floor plan and what exterior will approximately look like will be emailed separately.
